

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shaisav Thakkar  
DOCKET NO.: 16-37598.001-R-1  
PARCEL NO.: 06-18-219-013-0000

The parties of record before the Property Tax Appeal Board are Shaisav Thakkar, the appellant(s), by attorney Edward P. Larkin, Attorney at Law in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,944  
**IMPR.:** \$7,827  
**TOTAL:** \$9,771

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame construction with 937 square feet of living area. The dwelling was constructed in 1976. Features of the home includes a two-car garage. The property has a 4,320 square foot site and is located in Hanover Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on June 17, 2016 for a price of \$97,709. The appellant did not complete Section IV – Recent Sale Data of the appeal. The appellant submitted a copy of the settlement statement and sales agreement. The data reflects the unrelated parties, sale price, and that the parties were represented by real estate brokers. Based

on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price. There was no evidence that this property was owner-occupied.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,242. The subject's assessment reflects a market value of \$132,420 or \$12.06 per square foot of living area, including land for class 2 property under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparables with one story dwellings of frame and masonry construction that have from 672 to 957 square feet of living area. The dwellings were constructed between 1956 and 1992. Each has the same neighborhood code as the subject property. Features of the comparables include garages. The comparables have sites from 6,325 to 8,246 square feet of land.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in June 2016 for a price of \$97,709. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. In further support of the transaction the appellant submitted a copy of the sale agreement and settlement statement regarding this recent sale. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$97,709 as of January 1, 2016. Since market value has been determined the 10% level of assessment as determined by the Cook County Real Property Assessment Classification Ordinance for class 2 residential property shall apply.

Since the Board determined that a reduction was merited based upon an overvaluation argument, the Board finds that the subject property is equitably assessed after this aforementioned reduction.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
