

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Irwin Kerzner
DOCKET NO.: 16-38831.001-R-1
PARCEL NO.: 10-15-120-013-0000

The parties of record before the Property Tax Appeal Board are Irwin Kerzner, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,978
IMPR.: \$32,543
TOTAL: \$37,521

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry construction with 2,127 square feet of living area. The dwelling is 59 years old. Features of the home include a full finished basement and central air conditioning. The property has a 6,867 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-04 dwellings of masonry exterior construction ranging in size from 1,954 to 2,603 square feet of living area. The dwellings range in age from 56 to 62 years old. The comparables have partial unfinished basements, central air conditioning, one or

two fireplaces, and either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$12,632 to \$22,806 or from \$6.46 to \$8.88 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$17,080 or \$8.03 per square foot of living area. As part of the submission, the Board recognizes the appellant reported two parcel identification numbers (PINs) for each comparable; and the appellant's grid analysis did not disclose the individual land and improvement assessments for each of the comparable's two parcels.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,521. The subject property has an improvement assessment of \$32,543 or \$15.30 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-04 dwellings of masonry exterior construction ranging in size from 1,828 to 1,989 square feet of living area. The dwellings range in age from 59 to 61 years old. The comparables have full basements with two having finished areas, central air conditioning, and a fireplace. One comparable has a 1.5-car garage. The comparables have improvement assessments ranging from \$32,667 to \$33,231 or from \$16.42 to \$17.88 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as the board of review comparable #3 due to their dissimilar unfinished basements and additional garages when compared to the subject which has a full finished basement and lacks a garage. The appellant's comparable #2 is also considerably larger in dwelling size than the subject property. In addition, the appellant's comparables have two PINs in which the comparables appear to be outliers without an explanation for the comparables significantly lower total improvement assessments in comparison to the board of review comparables.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #2. The Board gives greater weight to these two comparables because they are most similar to the subject in location, design, exterior construction, age, dwelling size, foundation and other features. These comparables also lack a garage, like the subject. These two comparables have improvement assessments of \$32,679 and \$33,231 or \$17.88 and \$17.64 per square foot of living area. The subject's improvement assessment of \$32,543 or \$15.30 per square foot of living area falls below the two best comparables contained in this record. After considering adjustments to

the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
