

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: C & P Property Mgmt Svcs
DOCKET NO.: 16-39038.001-R-1
PARCEL NO.: 04-30-210-016-0000

The parties of record before the Property Tax Appeal Board are C & P Property Mgmt Svcs, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Inverness; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,746
IMPR.: \$51,254
TOTAL: \$55,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 40-year-old, three-story, multi-family, building of masonry construction containing 6,393 square feet of gross building area. Features of the subject include slab foundation. The property is situated on 3,568 square feet of land in Northbrook, Northfield Township, Cook County. It is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the assessment inequity argument, the appellant submitted information on eight suggested equity comparable properties. In support of the overvaluation argument, the appellant submitted information on four suggested comparable sales.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,936. The subject property has an improvement assessment of \$66,190, or \$10.35 per square foot of living area. The subject's assessment reflects a market value of \$699,360, or \$109.39 per square foot of living area including land, when applying the 2016 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparable properties. The board of review did not cite suggested sale comparable properties.

In rebuttal, the appellant argued that the comparable properties submitted as evidence by the board of review should be given diminished weight because they were dissimilar to the subject in various key property characteristics. The appellant also argued the assessment should be reduced because the assessment for the subsequent year had been reduced. The appellant cited Hoyne Savings & Loan Association v. Hare, 60 Ill.2d 84, 322 N.E.2d 833 (1974) in support of this argument. The appellant reaffirmed the request for an assessment reduction.

Conclusion of Law

The Board finds that there is no merit to the appellant's argument that Hoyne and 400 Condominium stand for the proposition that an assessment reduction in a subsequent year requires an assessment reduction in the tax year at issue absent a glaring error in calculation. The Supreme Court in Hoyne observed that the facts in that case presented unusual circumstances coupled with a grossly excessive assessment increase from \$9,510 in 1970 to \$246,810 in 1971. Consequently, it remanded the case for the lower court to ascertain the correct assessed valuation. Hoyne, 60 Ill.2d at 89-90, 322 N.E.2d at 836-37.

The appellant inverts the holdings in those cases. The Supreme Court in Hoyne never found the 1970 assessment to be in error; it found the 1971 assessment to be grossly excessive. In this case, the appellant argued the 2016 assessment was too high merely because the 2017 assessment was reduced. The appellant failed to present any facts that suggest the board of review reduced the 2017 assessment because it was already grossly excessive. Even if the appellant were to present such facts, there is no basis to conclude that the 2016 assessment should, therefore, be reduced. The Appellate Court in Moroney v. Illinois Property Tax Appeal Board, 2013 Ill.App. (1st) 120493, distinguished Hoyne and 400 Condominium as confined to their unique facts. The Court rejected that appellant's argument that those prior cases stood for the proposition that "subsequent actions by assessing officials are fertile grounds to demonstrate a mistake in prior year's assessments." Moroney, 2013 Ill.App. 120493 at ¶46. There was no evidence in Moroney that there was any error in the calculation of the taxpayer's 2005 assessment. The Appellate Court observed, "just because factors warranting a reduction existed in 2006, does not mean they existed in 2005, or any other year for that matter (which is why property taxes are assessed every year)." *Id.*

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be

proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable(s) #1 through #8, and the board of review's comparable(s) #1, #2, #3 and #4. These comparables had improvement assessments that ranged from \$7.08 to \$10.38 per square foot of gross building area. The subject's improvement assessment of \$10.35 per square foot of gross building area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment based on assessment inequity is not justified.

The appellant also contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appellant's comparable sale(s) #1 through #4. These comparables sold for prices ranging from \$57.09 to \$91.51 per square foot of living area, including land. The subject's assessment reflects a market value of \$109.39 per square foot of living area including land, which is above the range established by the best comparable sales in this record. Based on this evidence, the Board finds a reduction in the subject's assessment based on overvaluation is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
