

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Efi Andrianopoulos
DOCKET NO.: 16-39106.001-R-1
PARCEL NO.: 13-11-222-029-0000

The parties of record before the Property Tax Appeal Board are Efi Andrianopoulos, the appellant(s), by attorney Ellen G. Berkshire, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,093
IMPR.: \$27,494
TOTAL: \$33,587

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 4,687 square foot parcel of land improved with a 86-year old, two-story, masonry, mixed-use building containing 4,306 square feet of building area. The property is located in Chicago, Jefferson Township, Cook County and is classified as a class 5 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity and overvaluation as the bases of the appeal. In support of the equity argument, the appellant submitted five comparables. The properties are described as masonry, mixed-use buildings. They range: in age from 83 to 87 years; in size from 4,500 to 4,739 square feet of building area; and in improvement assessment from \$5.41 to \$8.82 per square foot of building area.

In support of the market value argument, the appellant submitted five sales comparables. These properties are described as frame or masonry, mixed-use buildings containing between 3,560 to 4,739 square feet of building area. These properties sold from November 2012 to August 2013 for prices ranging from \$70.00 to \$83.33 per square foot of building area. The appellant also included income and expense statements, rent rolls, and vacancy affidavits for the subject.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$40,699 with an improvement assessment of \$34,606 or \$8.04 per square foot of building area. The total assessment reflects a market value of \$406,990 or \$94.52 per square foot of building area using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment the board of review submitted four equity comparables with sales information on one property. These properties are described as two or three-story, masonry, mixed-use buildings containing between 3,666 to 6,242 square feet of building area. These properties have improvement assessments from \$8.47 to \$9.90 per square foot of building area. The one property sold in November 2014 for \$60.69 per square foot of building area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value is the appellant's comparables and the board of review's comparable #1. These properties sold from November 2012 to November 2014 for prices ranging from \$60.69 to \$83.33 per square foot of building area. In comparison, the subject's assessment reflects a market value of \$94.52 per square foot of building area which is above the range of the comparables in the record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject was over valued and a reduction in the subject's assessment is justified. The Board further finds the subject is equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
