

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stanley Bafia  
DOCKET NO.: 16-39776.001-R-1  
PARCEL NO.: 13-15-224-036-0000

The parties of record before the Property Tax Appeal Board are Stanley Bafia, the appellant(s), by attorney William I. Sandrick, of Sandrick Law Firm, LLC in South Holland; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,750  
**IMPR.:** \$34,705  
**TOTAL:** \$38,455

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story, mixed use building of frame and masonry construction with 3,924 square feet of living area. Features of the dwelling included two and one-half baths, four bedrooms, a partial unfinished basement, and air conditioning. The building was constructed in 1991. The property has a 3,125 square foot site and is located in Chicago, Jefferson Township, Cook County.

The appellant argued that the fair market value of the subject property was not accurately reflected in its assessed value as the basis of this appeal. In support of the market value argument, the appellant submitted four sale comparables.

The appellant also contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted four equity comparables.

Lastly, the appellant submitted a rent roll, the appellant's 2014, 2015, and 2016 Schedule E's, four rental comparables, and an income analysis. The appellant requested a reduction in the subject's total assessment to \$33,200.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,807. The subject's assessment reflects a market value of \$408,070 or \$103.99 per square foot of living area, land included, when using the 2016 level of assessment for class 2-12 properties of 10% as determined by the Cook County Real Property Classification Code. The subject property has an improvement assessment of \$37,057 or \$9.44 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted four equity comparables.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and the board of review's comparables.. These comparables had improvement assessments that ranged from \$7.38 to \$10.69 per square foot of living area. The subject's improvement assessment of \$9.44 per square foot of living area falls above the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The appellant also contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appellant's sale comparables. These similar comparables sold for prices ranging from \$66.67 to \$95.98 per square foot of living area, including land. The subject's assessment reflects a market value of \$103.99 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence, the Board finds a reduction in the subject's assessment is justified. Since the Board granted a reduction based on the appellant's market value argument, there shall be no further analysis of the evidence submitted by the appellant.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
