

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerry Kersz
DOCKET NO.: 16-40712.001-R-1
PARCEL NO.: 10-28-108-016-0000

The parties of record before the Property Tax Appeal Board are Jerry Kersz, the appellant(s), by attorney Steven Kandelman, of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,718
IMPR.: \$15,855
TOTAL: \$18,573

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 55-year-old, one-story dwelling of masonry construction with 1,086 square feet of living area. The property has a 3,750 square foot site and is located in Niles Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation and assessment inequity. In support of the overvaluation argument, the appellant submitted evidence disclosing the subject property was purchased on January 27, 2017 for a price of \$94,000. In support of this proposition, the appellant submitted the closing statement, purchase contract, home inspection report, and an affidavit by the appellant. In support of the inequity argument, the appellant submitted information on four suggested equity comparables. Based on this evidence, the appellant requested a reduction in the subject's assessment to 10% of the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,094. The subject has an improvement assessment of \$17,376 or \$16.00 per square foot of living area. The subject's assessment reflects a market value of \$200,940 or \$185.03 per square foot of living area, land included, when using the 2016 level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables with sales data on each of those properties.

In written rebuttal, appellant's attorney distinguished the board of review's comparables from the subject based on distance.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the appellant failed to meet its burden of showing that the subject's 2017 sale was an arm's length transaction. The appellant did not provide any MLS or other listing showing that the subject was offered on the open market. The appellant also failed to complete Section IV of the appeal form, which would indicate how long the subject was on the open market or who was the seller's agent that placed the subject on the market. Finally, the appellant's affidavit states that the seller and buyer were acquaintances. Based on this evidence, the Board gives no weight to the subject's sale and finds that a reduction in the subject's assessment is not warranted.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2, and #3. These comparables had improvement assessments that ranged from \$11.28 to \$14.63 per square foot of living area. The subject's improvement assessment of \$16.00 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the

subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
