

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Georgeta Rus
DOCKET NO.: 16-40927.001-R-1
PARCEL NO.: 10-23-401-045-0000

The parties of record before the Property Tax Appeal Board are Georgeta Rus, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Inverness; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,455
IMPR.: \$18,892
TOTAL: \$23,347

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 59-year-old, one-story, building of masonry construction containing 1,068 square feet of gross building area. Features of the subject include a full unfinished basement and a two-car garage. The property is situated on 5,400 square feet in Skokie, Niles Township, Cook County. The property is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the assessment inequity argument, the appellant submitted information on four suggested equity comparable properties. In support of the overvaluation argument, the appellant submitted information on four suggested comparable sales. The appellant also submitted a

settlement statement disclosing the subject property was purchased from Right Residential LLC Series 3 on March 28, 2013, for \$139,000 in an all-cash transaction. The subject's sale price reflects a market value of \$130.15 per square foot of gross building area including land. The appellant also submitted an affidavit of Georgeta Rus attesting she purchased the subject for \$139,000 in an arm's-length transaction on March 28, 2013; and that it was not purchased in settlement of an installment contract, contract for deed or a foreclosure. The appellant included information in Section IV–Recent Sale Data of the Residential Appeal that the subject was purchased from Right Residential LLC; was not sold as a transfer between related parties; and was advertised and sold through a realtor. The appellant failed to disclose how the sale transaction was settled. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when using the 2016 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,347. The subject property has an improvement assessment of \$18,892, or \$17.69 per square foot of living area. The subject's assessment reflects a market value of \$233,470, or \$218.60 per square foot of living area including land, when applying the 2016 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on eight suggested equity comparable properties and on five suggested sale comparable properties. The board of review also submitted a brief in which it argued the subject was sold as compulsory foreclosure property in a transaction that was not at arm's-length and at fair cash value. The board of review appended a deed trail that disclosed a *lis pendens* and foreclosure notice, a Judicial Sale Deed granted to Right Residential LLC Series 3, and a Warranty Deed granted from Right Residential LLC Series 3 to the appellant.

In rebuttal, the appellant submitted a boilerplate response disputing various issues raised and some not raised. The appellant reiterated the request for an assessment reduction.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable(s) #1 through #4, and the board of review's comparable(s) #1 through #4 and #6 through #8. These comparables had improvement assessments that ranged from \$14.21 to \$24.27 per square foot of gross building area. The subject's improvement assessment of \$17.69 per square foot of gross

building area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate(d) with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment based on assessment inequity is not justified.

The appellant also contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has not met this burden of proof and a reduction in the subject's assessment is not warranted.

The Board accords minimal weight to the affidavit of Georgeta Rus. The affiant attested that the transaction was at arm's-length without evidence establishing the affiant's qualifications to render a legal conclusion. The affiant also attested that the subject was not purchased in settlement of an installment contract, contract for deed, or a foreclosure. The appellant failed to explain exactly what alternative methods existed to settle the transaction.

In addressing the appellant's market value argument based on the recent sale, the Board finds that the sale of the subject in March 2013 for \$139,000 is a "compulsory sale." A "compulsory sale" is defined as:

(i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23.

Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 961 N.E. 2d 794, 802 (2d Dist. 2011) (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill. App. 3d 207, 211 (2d Dist. 1979)).

The Board may consider market value evidence, such as sales of comparable properties submitted by the parties, to determine whether the subject was sold at fair cash value. 86

Ill.Admin.Code §1910.65(c)(4); See Calumet Transfer LLC v. Illinois Property Tax Appeal Board, 401 Ill.App.3d 652 (1st Dist. 2010).

The appellant submitted suggested comparable properties to establish that the sale of the subject was for fair cash value. The board of review submitted sale comparables. The appellant's sale comparables #1 through #4, and the board of review's sale comparables #1 through #4 are most similar with the subject and sold from \$163.32 to \$302.22 per square foot of gross building area including land. The subject's assessment reflects a market value of \$218.60 per square foot of gross building area including land, which is within the range established by the best comparable sales in this record. The subject's sale price of \$139,000, or \$130.15 per square foot of gross building area including land is below the range established by the market data.

In determining the fair cash value of the subject property and all relevant factors, the Board finds that the appellant did not submit enough evidence to show the subject was overvalued. Therefore, the Board finds that the appellant has not met its burden by a preponderance of the evidence and that the subject does not warrant a reduction based upon the market data submitted into evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
