

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pete Angelopoulos
DOCKET NO.: 16-41172.001-R-1
PARCEL NO.: 13-16-109-019-0000

The parties of record before the Property Tax Appeal Board are Pete Angelopoulos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,989
IMPR.: \$30,620
TOTAL: \$39,609

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 114-year old, two-story, single-family dwelling of frame construction. The improvement contains 2,539 square feet of living area, a partial basement, two full baths and a two-car garage. The property is sited on 6,915 square feet of land and is located in Jefferson Township, Cook County. The subject is classified as a class 2-78, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's petition contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables. They are improved with a two-story, single-family dwelling with frame, masonry or frame and masonry exterior construction. The improvements ranged: in age from 75 to 92 years; in size from 2,252

to 2,576 square feet of living area; and in assessments from \$8.46 to \$10.09 per square feet of living area. Amenities include: a full basement and varying garage area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,609. The subject property has an improvement assessment of \$30,620 or \$12.06 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted two grid sheet analyses as well as copies of the subject's property record cards. The first grid sheet contained information on four equity comparables, located either on the subject's same block or within a two-block radius of the subject. They are improved with a two-story, single-family dwelling of frame or masonry exterior construction. The improvements ranged: in age from 94 to 107 years; in size from 2,443 to 2,665 square feet of living area; and in assessment of \$12.18 to \$13.54 per square foot. Amenities include: a full basement and either a one-car or two-car garage.

The board of review's second grid sheet reflected data on four sales comparables. In addition, the board's attachments included photographs of all the suggested comparables as well as copies of the subject's property record cards from the assessor's office. They stated that the subject was "multi-code and multi-land". In support, the property record cards indicated that the improved land was multi-code, while including an assessment breakdown stating that 1,200 square feet was assessed at \$1,677, and 5,625 square feet was assessed at \$7,312. The data only reflected one improvement.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be *the appellant's comparable #1 as well as the board of review's comparables #1, #3 and #4*. These comparables had improvement assessments that ranged from \$8.46 to \$13.54 per square foot of living area. The subject's improvement assessment of \$12.06 per square foot of living area is within the range established by the best comparables in this record. The Board accorded diminished weight to the remaining properties due to a disparity in location, style, age and/or size. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
