

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Connie Derneksis  
DOCKET NO.: 16-41483.001-R-1  
PARCEL NO.: 07-25-300-028-0000

The parties of record before the Property Tax Appeal Board are Connie Derneksis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,219  
**IMPR.:** \$22,452  
**TOTAL:** \$28,671

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of an approximately 35-year old, one-story, frame, single-family dwelling. Features of the home include 1,517 square feet of living area, a full basement, air conditioning, one fireplace, and a two-car garage. The property has an 8,578 square foot site and is located in Schaumburg Township, Cook County. The subject is classified as a class 2-03, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's petition contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables. They are improved with a one-story, single-family dwelling with frame exterior construction. The improvements ranged: in age from 37 to 38 years; in size from 1,394 to 1,618 square feet of

living area; and in assessments from \$13.10 to \$14.08 per square feet of living area. The appellant submitted copies of the board of review's decision as well as the assessor's website printouts for the subject property, disclosing a total assessment of \$29,415 and an improvement assessment of \$23,196 or \$15.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing an incorrect total assessment for the subject of \$24,093 without any support data. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, located on the subject's same block. They are improved with a one-story, single-family dwelling of frame or frame and masonry exterior construction. The improvements ranged: in age from 33 to 35 years; in size from 1,290 to 1,517 square feet of living area; and in assessment of \$14.05 to \$14.81 per square foot. Each property included: basement area, air conditioning, one fireplace and a two-car garage.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be *the appellant's comparable #3 as well as the board of review's comparables #1, #2 and #4*. These comparables had improvement assessments that ranged from \$13.89 to \$14.81 per square foot of living area. The subject's improvement assessment of \$15.29 per square foot of living area is above the range established by the best comparables in this record. The Board accorded diminished weight to the remaining properties due to a disparity in location, style, age and/or size. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
