

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alena Ceniti
DOCKET NO.: 16-41542.001-R-1
PARCEL NO.: 13-12-400-009-0000

The parties of record before the Property Tax Appeal Board are Alena Ceniti, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,513
IMPR.: \$22,021
TOTAL: \$31,534

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 100-year old, two-story, frame, multi-family dwelling. Features include 2,178 square feet of living area, a partial basement, two apartments and a two-car, detached garage. The property has a 4,530 square foot site and is located in Jefferson Township, Cook County. The subject is classified as a class 2-11, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's petition contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales. They are improved with a two-story, multi-family dwelling with masonry or frame exterior construction. The improvements range in size from 2,002 to 2,797 square feet of living area and in assessment

from \$15.13 to \$17.54 per square foot. They sold from April, 2013 through June, 2015 for unadjusted prices that ranged from \$103.52 to \$119.88 per square foot of living area. Amenities included a full basement, while two properties also contained a detached garage.

Further, the appellant submitted copies of the sales' deeds and/or website printouts from the Cook County Recorder of Deeds office relating to each sales' details. Based upon this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,534. The subject's assessment reflects a market value of \$315,340 or \$144.78 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%. The subject's improvement assessment is \$10.11 per square foot of living area. The board of review's grid analysis indicated that the subject property was purchased in September, 2013 for a price of \$144.63 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables, while only three contained sales data. They are improved with a two-story, multi-family dwelling of masonry exterior construction. The improvements ranged in age from 88 to 101 years and in size from 2,556 to 3,018 square feet of living area. They sold from March to September, 2015 for unadjusted prices that ranged from \$182.24 to \$254.30 per square foot of living area. Amenities included a full basement, while two properties also contain garage area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be *the appellant's comparables #2 through #4 as well as the board of review's comparable #4*. These comparables sold for unadjusted prices ranging from \$103.52 to \$254.30 per square foot of living area, including land. The subject's assessment reflects a market value of \$144.78 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Moreover, the Board finds that the subject's sale in September, 2013 for a value of \$144.63 per square foot support the subject's current market value. Based on this evidence and after making adjustments to the sales for pertinent factors, the Board finds a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
