

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ted Spiewak  
DOCKET NO.: 16-42909.001-R-1  
PARCEL NO.: 23-13-109-008-0000

The parties of record before the Property Tax Appeal Board are Ted Spiewak, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,717  
**IMPR.:** \$15,377  
**TOTAL:** \$20,094

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of frame and masonry construction. The dwelling is 43 years old and has 1,518 square feet of living area. Features of the home include a partial finished basement, central air conditioning, a fireplace and a two-car garage. The property has an 8,578 square-foot site and is located in Palos Hills, Palos Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with multi-level dwellings of frame, masonry or frame and masonry construction. The dwellings are from 47 to 62 years old and contain from 1,316 to 1,568 square feet of living area. The comparables have partial basements and central air conditioning. One comparable also has a fireplace.

Information regarding garages was not provided on the appellant's grid analysis; however, the appellant's photographic evidence revealed that at least three of the appellant's comparables have garages. The appellant also submitted a map which revealed that three of the comparables were located over one mile from the subject property. The comparables have improvement assessments that range from \$9,217 to \$11,699 or from \$6.73 to \$7.72 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$10,975 or \$7.23 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$20,094 was disclosed. The subject property has an improvement assessment of \$15,377 or \$10.13 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties. The comparables have the same neighborhood and classification codes as the subject and were described as being located on the same block as the subject property. The comparables are improved with multi-level dwellings of frame and masonry construction. The dwellings are from 43 to 45 years old and contain from 1,257 to 1,353 square feet of living area. Each comparable has a partial finished basement, central air conditioning, and a two-car garage. Three comparables have a fireplace. The comparable properties have improvement assessments that range from \$14,505 to \$17,669 or from \$11.35 to \$13.06 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's map revealed comparables #1, #3 and #4 were not located near the subject property. In addition, the appellant's comparable #2 was significantly older than the subject. As a result, the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these comparables were located on the same block as the subject and were also very similar to the subject in their multi-level design, frame and masonry construction, age, living area and features like a partial finished basement, central air conditioning, and a two-car garage. The board of review comparables have improvement assessments that range from \$14,505 to \$17,669 or from \$11.35 to \$13.06 per square foot of living area. The subject's improvement assessment of \$15,377 or \$10.13 per square foot of living area falls below the range established on a per square foot basis by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
