

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Adam
DOCKET NO.: 16-43393.001-R-1
PARCEL NO.: 13-09-401-041-0000

The parties of record before the Property Tax Appeal Board are Kevin Adam, the appellant(s), by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,218
IMPR.: \$18,282
TOTAL: \$22,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a 130 year-old, two-story dwelling of frame construction containing 3,146 square feet of living area. The property has a 3,245 square foot site located in Chicago, Jefferson Township, Cook County. The property is a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a settlement statement disclosing the subject property was purchased on November 17, 2014 for \$225,000 in an all-cash transaction. The subject's sale price reflects a market value of \$71.52 per square foot of living area including land. The appellant also submitted the Multiple Listing Service (MLS) information sheet that disclosed the subject was sold as foreclosure

property in an “as-is” condition; the Special Warranty Deed and disclosed in Section IV–Recent Sale Data of the Residential Appeal that the subject was sold by a realtor as bank owned, REO property. The appellant failed to disclose whether the subject was transferred between related parties. The appellant also submitted an appraisal that estimated the subject property had a market value of \$225,000 as of October 31, 2014. The appraisal disclosed the subject dwelling was vacant. Based on this evidence, the appellant requested a reduction in the subject’s assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,438. The subject’s assessment reflects a market value of \$344,380 or \$109.47 per square foot of living area when using the 2016 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested comparable sales.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has met this burden of proof and a reduction in the subject’s assessment is warranted.

In addressing the appellant’s market value argument, the Board finds that the sale of the subject in November 2014 for \$225,000 is a "compulsory sale." The evidence disclosed that the subject was sold as “REO” property. REO is an abbreviation for “real estate owned.” Black’s Law Dictionary, “REO” (10th ed. 2014). Real Estate Owned is defined as “Property acquired by a lender, usu. through foreclosure, in satisfaction of a debt. - Abbr. REO.” Black’s Law Dictionary, “real estate owned” (10th ed. 2014). A "compulsory sale" is defined as:

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and
- (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 961 N.E. 2d 794, 802 (2d Dist. 2011) (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill. App. 3d 207, 211 (2d Dist. 1979)).

The Board may consider market value evidence, such as sales of comparable properties or an appraisal submitted by the parties, to determine whether the subject was sold at fair cash value. 86 Ill.Admin.Code §1910.65(c)(4); *See* Calumet Transfer LLC v. Illinois Property Tax Appeal Board, 401 Ill.App.3d 652 (1st Dist. 2010).

In determining the fair market value of the subject property, the Board may look to other evidence presented by the parties. Although the appellant's recent sale appears to have been a compulsory sale, it does not reflect the fair market value based upon the appraisal submitted by the appellant. The Board finds the appraisal estimated the subject's market value at \$225,000 in October 2014, which was the same price as the sale one month later. The subject's assessment reflects a market value of \$109.47 per square foot of living area including land. The subject's sale price and estimated appraisal value reflect a market value of \$71.52 per square foot of living area, including land. Since the sale price and appraisal value of the subject were below the market value reflected by the assessment, the Board finds that the subject is overvalued and holds that a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
