

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Malinowski
DOCKET NO.: 16-44434.001-R-1
PARCEL NO.: 13-36-428-029-0000

The parties of record before the Property Tax Appeal Board are Matthew Malinowski, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Inverness; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,327
IMPR.: \$25,488
TOTAL: \$31,815

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 139-year-old, two-story dwelling with 1,760 square feet of living area of masonry construction. Features of the home include a partial basement and a 2.5-car garage. The property has a 2,812 square foot site and is located in West Chicago Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and assessment inequity as the bases of the appeal. In support of these arguments, the appellant submitted information on four suggested equity comparables and four comparable sales.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,815. The subject has an improvement assessment of \$25,488 or

\$14.48 per square foot of living area. The subject's assessment reflects a market value of \$318,150 or \$180.77 per square foot of living area, including land, when applying the 2016 level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables with sales data on each of those comparables.

In written rebuttal, appellant's attorney distinguished the board of review's comparables from the subject. Appellant's attorney also argued that the 2017 reduction in the subject's assessment should be considered as evidence of the overvaluation in the 2016 lien year. In support of this proposition, appellant's attorney cited Hoyne Savings & Loan Assoc. v. Hare, 60 Ill.2d 84, 90 322 N.E.2d 833, 836 (1974).

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gave no weight to the appellant's reliance regarding the appellant's contention of law referencing Hoyne and 400 Condominium Association, [citations omitted]. The Board finds in the recent decision of Moroney & Co. v. Property Tax Appeal Board, 2013 IL App (1st) 120493, 2 N.E.3d 522, the Court at ¶46 did not perceive Hoyne and 400 Condominium as standing for the proposition that "subsequent actions by assessing officials are fertile grounds to demonstrate a mistake in a prior year's assessments." In Moroney, the Court wrote in pertinent part:

... in each of those unique cases, which are confined to their facts, there were glaring errors in the tax assessments -- in Hoyne, the assessment was increased on a property from \$9,510 to \$246,810 in one year even though no changes or improvements to the property had occurred (Hoyne, 60 Ill.2d at 89), and in 400 Condominium, assessments on a garage were assessed separately from the adjoining condominium in violation of the Condominium Property Act (400 Condominium, 79 Ill.App.3d at 691). Here, based upon the evidence that was submitted, there is no evidence that there was an error in the calculation of the 2005 assessment. Rather, the record shows that the 2005 assessment was properly calculated based on the market value of the property.

The Property Tax Appeal Board finds the appellant presented no credible evidence showing there were unusual circumstances present in this 2016 appeal relative to the establishment of the subject's assessment for the 2017 tax year.

The Board finds the best evidence of market value to be appellant's comparable sales #1, #2, #3, and #4, and the board of review's comparable sales #1 and #2. These comparables sold for

prices ranging from \$125.48 to \$318.72 per square foot of living area, including land. The subject's assessment reflects a market value of \$180.77 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2, #3, and #4, and the board of review's comparables #1 and #2. These comparables had improvement assessments that ranged from \$10.25 to \$18.05 per square foot of living area. The subject's improvement assessment of \$14.48 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
