

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AH4 Rent LLC  
DOCKET NO.: 17-00377.001-R-1  
PARCEL NO.: 15-25-380-004-0000

The parties of record before the Property Tax Appeal Board are AH4 Rent LLC, the appellant, by attorney Michael R. Davies of Ryan Law LLP in Chicago; and the Kane County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,334  
**IMPR.:** \$63,077  
**TOTAL:** \$73,411

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a part two-story and part one-story dwelling of frame exterior construction with 2,052 square feet of living area<sup>1</sup>. The dwelling was constructed in 2002. Features of the home include a partial basement, central air conditioning, a fireplace and a 420 square foot garage. The property has a 10,890 square foot site and is located in Aurora, Aurora Township, Kane County.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity argument, the appellant submitted information on three assessment comparables located within .09 of a mile of the subject

<sup>1</sup> Appellant's attorney provided limited information regarding the features of both the subject property and the comparables. Additional descriptive details about the subject were submitted by the board of review.

property.<sup>2</sup> The comparables were improved with a two-story and two, part two-story and part one-story dwellings of frame or brick and frame exterior construction ranging in size from 1,728 to 2,565 square feet of living area. The dwellings were constructed in 2002. The comparables feature central air conditioning and garages ranging in size from 440 to 609 square feet of building area. Additionally, one comparable has a fireplace and two comparables have basements. The comparables have improvement assessments ranging from \$39,669 to \$75,752 or from \$22.96 to \$31.94 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's building assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,411. The subject property has an improvement assessment of \$63,077 or \$30.74 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted three sales comparables and three equity comparables. The sales comparables are located within .27 of a mile of the subject property. The comparables have varying degrees of similarity to the subject. The comparables sold from May 2015 to December 2016 for prices ranging from \$230,000 to \$262,500 or from \$107.51 to \$121.02 per square foot of living area, including land. The equity comparables are located within .24 of a mile of the subject property. The comparables were improved with Fairfax model, part two-story and part one-story dwellings of frame or brick and frame exterior construction containing 2,052 square feet of living area. The dwellings were constructed in 2002 or 2003. The comparables feature partial basements, central air conditioning, fireplaces and garages containing 420 square feet of building area. The comparables have improvement assessments of \$63,216 and \$63,910 or \$30.81 and \$31.15 per square feet of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The Board gave no weight to the sales comparables submitted by the board of review as this evidence does not address the appellant's equity argument. The parties submitted six suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their dissimilar designs and dwelling sizes when compared to the subject.

---

<sup>2</sup> The appellant's grid analysis was void of some pertinent descriptive data, which was drawn from the evidence provided by the board of review.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. These comparables have the same Fairfax model home as the subject property and are most similar in location, dwelling size, design, age and features when compared to the subject. These comparables have improvement assessments ranging from \$63,216 to \$63,910 or \$30.81 and \$31.15 per square foot of living area. The subject property has an improvement assessment of \$63,077 or \$30.74 per square foot of living area, which falls slightly below the range established by the most similar comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the evidence demonstrates the subject's improvement assessment is justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

**IMPORTANT NOTICE**

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
