

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mircea Mader  
DOCKET NO.: 17-00539.001-R-1  
PARCEL NO.: 06-22-310-004

The parties of record before the Property Tax Appeal Board are Mircea Mader, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$18,831  
**IMPR.:** \$73,020  
**TOTAL:** \$91,851

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling with vinyl siding containing 2,820 square feet of living area. The dwelling was constructed in 1998. Features of the home include an unfinished 827 square foot basement, central air conditioning and a 484 square foot garage. The property has a 10,324 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that were located within .52 of a mile from the subject property. The comparables had land sizes ranging from 8,784 to 10,919 square feet of land area. The comparables were improved with two-story dwellings with vinyl siding containing from 2,638 to 3,121 square feet of living area. The homes were built from 1993 to 1998 and had basements ranging in size from 1,186 to 1,599 square feet of building area, one of

which had finished area. Other features included central air conditioning, a fireplace and garages ranging in size from 378 to 663 square feet of building area. The comparables had sale dates occurring from April 2016 to June 2017 and sold for prices ranging from \$226,000 to \$305,000 or from \$76.90 to \$99.09 per square foot of living area, including land. Based on this evidence the appellant requested that the subject's assessment be reduced to \$86,658 or a market value of approximately \$260,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$91,851. The subject's assessment reflects a market value of \$277,077 or \$98.25 per square foot of living area, land included, when using the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on eight comparable sales that were located within .52 of a mile from the subject property. The comparables had land sizes ranging from 7,910 to 14,658 square feet of land area. The comparables were improved with two-story dwellings with vinyl siding containing from 2,419 to 3,258 square feet of living area. The homes were built from 1994 to 1997 and had basements ranging in size from 836 to 1,527 square feet of building area, five of which had finished area. Other features included central air conditioning and garages ranging in size from 483 to 663 square feet of building area. Six comparables had either one or two fireplaces. The comparables had sale dates occurring from April 2015 to February 2017 and sold for prices ranging from \$265,000 to \$345,000 or from \$96.41 to \$115.75 per square foot of living area, including land. Based on this evidence the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #3, as well as the board of review's comparables #3 and #8. These most similar comparables sold for prices ranging from \$226,000 to \$345,000 or from \$76.90 to \$105.89 per square foot of living area, including land. The subject's assessment reflects a market value of \$277,077 or \$98.25 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. The Board gave less weight to the parties' remaining comparables due to their superior basement finish and/or their sale dates occurring greater than 18 months prior to the January 1, 2017 assessment date at issue. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
