

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Erick Bardales
DOCKET NO.: 17-00541.001-R-1
PARCEL NO.: 06-28-206-012

The parties of record before the Property Tax Appeal Board are Erick Bardales, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,461
IMPR.: \$60,291
TOTAL: \$74,752

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling with vinyl siding containing 2,361 square feet of living area. The dwelling was constructed in 2001. Features of the home include an unfinished 1,243 square foot basement, central air conditioning and a 460 square foot garage. The property has a 9,483 square foot site and is located in Hainesville, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that were located within .10 of a mile from the subject property. The comparables had land sizes of 7,405 or 8,276 square feet of land area. The comparables were improved with two-story dwellings with vinyl siding containing 2,174 or 2,361 square feet of living area. The homes were built from 2000 to 2002 and had unfinished basements of 1,080 or 1,243 square feet of building area. Other features included

central air conditioning, a fireplace and garages of 400 or 460 square feet of building area. The comparables had sale dates occurring from February to August 2016 and sold for prices ranging from \$161,101 to \$180,000 or from \$68.23 to \$82.80 per square foot of living area, including land. Based on this evidence the appellant requested that the subject's assessment be reduced to \$68,326 or a market value of approximately \$204,998.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$74,752. The subject's assessment reflects a market value of \$225,496 or \$95.51 per square foot of living area, land included, when using the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on eight comparable sales that were located within .11 of a mile from the subject property. The comparables had land sizes of 7,405 or 9,583 square feet of land area. The comparables were improved with two-story dwellings with vinyl siding containing 2,174 or 2,361 square feet of living area. The homes were built in 2001 or 2002 and had unfinished basements of 1,080 or 1,243 square feet of building area. Other features included central air conditioning, a fireplace and garages of 400 or 420 square feet of building area. The comparables had sale dates occurring from July 2015 to July 2017 and sold for prices ranging from \$180,000 to \$233,000 or from \$82.80 to \$98.69 per square foot of living area, including land. Based on this evidence the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the appellant's comparables, as well as the board of review's comparables #1, #3 and #4. These most similar comparables sold for prices ranging from \$161,101 to \$233,000 or from \$68.23 to \$98.69 per square foot of living area, including land. The subject's assessment reflects a market value of \$225,496 or \$95.51 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. The Board gave less weight to the board of review's remaining comparable due to its sale date occurring greater than 17 months prior to the January 1, 2017 assessment date at issue. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
