

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lawrence Scheeler
DOCKET NO.: 17-01064.001-R-1
PARCEL NO.: 07-03-303-005

The parties of record before the Property Tax Appeal Board are Lawrence Scheeler, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,520
IMPR.: \$49,312
TOTAL: \$72,832

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding construction with 1,730 square feet of living area. The dwelling was constructed in 1957. Features of the home include an unfinished basement, central air conditioning and a two-car garage containing 462 square feet of building area. The property has a 46,443 square foot site and is located in Wadsworth, Warren Township, Lake County.

The appellant through counsel contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on three suggested equity comparables located from .05 to .17 of a mile from the subject property. The comparables were improved with a one-story dwelling with wood siding exterior construction that range in size from 1,368 to 1,904 square feet of living area. The dwellings were built from 1957 to 1966. Two comparables do not have a basement and one

comparable has a basement with a finished area. Each comparable has central air conditioning, two comparables have one or two fireplaces and each comparable has an attached or detached garage ranging in size from 482 to 1,080 square feet of building area. The comparables have improvement assessments that range from \$34,186 to \$48,136 or from \$24.99 to \$26.83 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$44,461 or \$25.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,832. The subject property has an improvement assessment of \$49,312 or \$28.50 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables located from .12 to .207 of a mile from the subject property. The comparables were improved with one-story dwellings with wood siding exterior construction ranging in size from 1,416 to 2,215 square feet of living area. The dwellings were built from 1961 to 1969. Each comparable has an unfinished basement, central air conditioning, a fireplace and a garage ranging in size from 440 to 1,330 square feet of building area. The comparables have improvement assessments that range from \$41,823 to \$66,614 or from \$29.54 to \$34.82. per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #3 based on their lack of a basement when compared to the subject's unfinished basement. The Board gave less weight to the board of review's comparable #4 due to its larger dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables. These comparables are more similar in location, style, dwelling size, age and features when compared to the subject property. These comparables had improvement assessments that ranged from \$34,186 to \$60,173 or from \$24.99 to \$34.82 per square foot of living area. The subject's improvement assessment of \$49,312 or \$28.50 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden

with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
