

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julie Jensen
DOCKET NO.: 17-01068.001-R-1
PARCEL NO.: 15-28-207-037

The parties of record before the Property Tax Appeal Board are Julie Jensen, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$47,678
IMPR.: \$130,112
TOTAL: \$177,790

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,498 square feet of living area. The dwelling was constructed in 1985. Features of the home include an unfinished basement, central air conditioning, a fireplace and a three-car garage containing 748 square feet of building area. The property has a 11,810 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant through counsel contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on eight suggested equity comparables located from .21 of a mile to .59 of a mile from the subject property. The comparables were improved with two-story dwellings with wood siding exterior construction that range in size from 2,464 to 2,855 square feet of living area. The dwellings were built from 1985 to 1988. Each comparable has a basement with one comparable

having a finished area, central air conditioning, six comparables have one fireplace and each comparable has a garage that contains either 400 or 483 square feet of building area. The comparables have improvement assessments that range from \$120,265 to \$138,214 or from \$47.67 to \$48.81 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$120,753 or \$48.34 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$177,790. The subject property has an improvement assessment of \$130,112 or \$52.09 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on six suggested equity comparables located from .069 of a mile to .235 of a mile from the subject property. The comparables were improved with two-story dwellings with wood siding exterior construction ranging in size from 2,431 to 2,599 square feet of living area. The dwellings were built from 1987 to 1989. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 400 to 483 square feet of building area. The comparables have improvement assessments that range from \$126,594 to \$135,984 or from \$51.69 to \$52.74. per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 14 suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2, #3, #4 and #5 due to their larger dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables. These comparables are more similar in location, style, dwelling size, age and features when compared to the subject property. These comparables had improvement assessments that ranged from \$120,265 to \$135,984 or from \$47.67 to \$52.74 per square foot of living area. The subject's improvement assessment of \$130,112 or \$52.09 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden

with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
