

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Manelis
DOCKET NO.: 17-01101.001-R-1
PARCEL NO.: 12-30-207-002

The parties of record before the Property Tax Appeal Board are Paul Manelis, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,727
IMPR.: \$164,077
TOTAL: \$233,804

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,725 square feet of living area. The dwelling was constructed in 1999. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a 441 square foot attached garage. The property has an 11,981 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables located within the same subdivision as the subject. The comparables are described as two-story dwellings of wood siding or brick exterior construction ranging in size from 2,684 to 3,115 square feet of living area. The dwellings were built from 2000 to 2005. The comparables each have a partial or full basement, with two having finished; central air

conditioning; one or two fireplaces and a garage ranging in size from 380 to 642 square feet of building area. The comparables have improvement assessments ranging from \$157,671 to \$175,276 or from \$55.41 to \$60.11 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$233,804. The subject property has an improvement assessment of \$164,077 or \$60.21 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same subdivision as the subject. The comparables consist of two-story dwellings of wood siding or brick exterior construction with either 2,725 or 2,773 square feet of living area. The dwellings were constructed from 1999 to 2004. The comparables each feature a partial unfinished basement, central air conditioning, one fireplace and a garage with either 441 or 630 square feet of building area. The comparables have improvement assessments ranging from \$163,451 to \$167,173 or from \$59.98 to \$60.29 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #4, #5 and #6 due to their larger dwelling size and/or basement finish when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables in the record. These comparables are similar to the subject in location, dwelling size, design and features. The comparables had improvement assessments ranging from \$157,671 to \$167,173 or from \$57.68 to \$60.29 per square foot of living area. The subject has an improvement assessment of \$164,077 or \$60.21 per square foot of living area, which falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
