

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: CSMA BLT, LLC
DOCKET NO.: 17-01162.001-R-1
PARCEL NO.: 06-28-134-026

The parties of record before the Property Tax Appeal Board are CSMA BLT, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,165
IMPR.: \$11,108
TOTAL: \$16,273

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of vinyl siding exterior construction with 1,049 square feet of living area. The dwelling was constructed in 1946 on a crawl space foundation. The property has a 4,356 square foot site and is located in Round Lake Park, Avon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables located from .21 of a mile to 2.53 miles from the subject. The comparables are described 1.5-story dwellings of vinyl siding exterior construction ranging in size from 960 to 1,424 square feet of living area. The dwellings were built from 1920 to 1948. Four comparables have a partial or full unfinished basement; two comparables have central air conditioning; one comparable has a fireplace and one comparable has a 380 square foot garage. Five comparables

have improvement assessments ranging from \$1,512 to \$8,198 or from \$1.40 to \$6.70 per square foot of living area. Comparable #5 has an improvement assessment of \$1. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,273. The subject property has an improvement assessment of \$11,108 or \$10.59 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables located within close proximity to the subject. The comparables consist of 1.5-story dwellings of vinyl siding exterior construction ranging in size from 948 to 1,196 square feet of living area. The dwellings were constructed from 1937 to 1947. One comparable has a fireplace and three comparables each have a garage with either 230 or 280 square feet of building area. The comparables have improvement assessments ranging from \$9,492 to \$13,094 or from \$9.81 to \$11.88 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted 14 equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 through #6 due to their distant locations, dissimilar ages and/or superior basement foundations when compared to the subject. The Board also gave reduced weight to board of review comparables #1, #3 and #8 which have garages unlike the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #4, #5, #6 and #7. These comparables are similar to the subject in location, dwelling size, design, age and features. The comparables have improvement assessments ranging from \$9,492 to \$13,094 or from \$9.81 to \$11.18 per square foot of living area. The subject has an improvement assessment of \$11,108 or \$10.59 per square foot of living area, which falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
