

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: CSMA BLT, LLC
DOCKET NO.: 17-01182.001-R-1
PARCEL NO.: 06-17-330-029

The parties of record before the Property Tax Appeal Board are CSMA BLT, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,147
IMPR.: \$24,793
TOTAL: \$30,940

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of vinyl-sided construction with 1,144 square feet of living area. The dwelling was constructed in 1992 on a crawl-space foundation. The home features central air conditioning. The property site contains 5,460 square feet of land area and is located in Round Lake Beach, Avon Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on ten equity comparables located from 0.25 of a mile to 1.51 miles from the subject.¹ The comparables are described as 1 or 1.5-story dwellings of wood, vinyl siding or brick exterior construction. They were built from 1926 to 1999 and range in size from 988 to 1,384 square feet of living area. Two comparables feature basements, one with finished area. Four comparables have central air conditioning and three feature garages.

¹ Appellant's comparables #2 and #4 are the same property, as are appellant's comparables #3 and #10.

The comparables have improvement assessments ranging from \$8,978 to \$12,326 or from \$6.71 to \$10.85 per square foot of living area. Based on this evidence the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,940. The subject property has an improvement assessment of \$24,793 or \$21.67 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables located within 0.233 of a mile from the subject. They are described as one-story dwellings with exterior construction of wood or vinyl siding. The dwellings were built from 1987 to 1997 and range in size from 1,008 to 1,248 square feet of living area. Six comparables feature central air conditioning; one has a fireplace; and two have garages. The comparables have improvement assessments ranging from \$21,930 to \$29,152 or from \$21.34 to \$25.48 per square foot of living area. Based on this evidence the board of review asked for confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted improvement assessment information on 18 equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables based on location, age of dwelling, dissimilar 1.5-story style and/or features such as basements which are dissimilar to the subject. Despite some dissimilarities as compared to the subject regarding features such as garages and/or central air conditioning, the Board gives more weight to the board of review comparables which are similar to the subject in location, exterior construction, style, age, and dwelling size. The comparables have improvement assessments ranging from \$21,930 to \$29,152 or from \$21.34 to \$25.48 per square foot of living area. The subject's improvement assessment of \$24,793 or \$21.67 per square foot of living area falls within the range established by the comparables. After considering adjustments to the comparables for differences with the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
