

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: CSMA BLT, LLC
DOCKET NO.: 17-01186.001-R-1
PARCEL NO.: 06-28-117-025

The parties of record before the Property Tax Appeal Board are CSMA BLT, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,635
IMPR.: \$30,049
TOTAL: \$35,684

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level vinyl-sided dwelling. The dwelling was constructed in 1962 and contains 864 square feet of living area. It features a finished lower level, central air conditioning, a fireplace and a 720 square foot garage. The property is located in Round Lake Park, Avon Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables located from 1.09 to 1.84 miles from the subject. The comparables are described as split-level vinyl-sided dwellings built from 1928 to 1982. They range in size from 885 to 1,250 square feet of living area. The comparables have finished lower levels. Three comparables have central air conditioning, one has a fireplace and one has a garage. The comparables have improvement assessments ranging

from \$15,340 to \$25,027 or from \$14.87 to \$20.20 per square foot of living area. Based on this evidence the appellant requested the subject's total assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,684. The subject property has an improvement assessment of \$30,049 or \$34.78 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on eight equity comparables located within 0.876 of a mile from the subject. The comparables are described as split-level vinyl-sided dwellings built from 1961 to 1977. They range in size from 864 to 988 square feet of living area. The comparables have finished lower levels and garages. Five have central air conditioning and one has a fireplace. The comparables have improvement assessments ranging from \$28,382 to \$32,770 or from \$32.43 to \$36.82 per square foot of living area. Based on this evidence the board of review asked for confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gives less weight to the appellant's comparables based on their distance from the subject and their being older and/or larger dwellings than the subject. Despite some differences in features, the Board gives more weight to the board of review comparables which are similar to the subject in location, style, exterior construction, dwelling size, age and several features. The comparables have improvement assessments ranging from \$32.43 to \$36.82 per square foot of living area. The subject's improvement assessment of \$34.78 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
