

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Al Quebbmann
DOCKET NO.: 17-01239.001-R-1
PARCEL NO.: 06-04-302-031

The parties of record before the Property Tax Appeal Board are Al Quebbmann, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake County Board of Review** is warranted. The correct assessed valuation of the property is:

LAND: \$18,402
IMPR.: \$76,311
TOTAL: \$94,713

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,395 square feet of living area. The dwelling was constructed in 1998. Features of the home include a partial basement with finished area, central air conditioning, a fireplace and an 852 square foot garage. The property has a 16,117 square foot site and is located in Lake Villa, Lake Villa Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within .27 of a mile of the subject property. The comparables have sites containing 10,454 or 13,504 square feet of land area. The comparables consist of one-story dwellings of wood siding exterior construction ranging in size from 1,864 to 2,106 square feet of living area. The dwellings were constructed from 1996 to 2002. Each comparable features an unfinished basement, central air conditioning,

one fireplace and a garage ranging in size from 504 to 655 square feet of building area. The comparables sold from April 2016 to April 2017 for prices ranging from \$201,000 to \$259,500 or from \$107.83 to \$126.03 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$94,713. The subject's assessment reflects a market value of \$285,710 or \$128.87 per square foot of living area, land included, when using the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located within .27 of a mile of the subject property. Board of review comparables #3 and #4 were also utilized by the appellant as comparables #3 and #1, respectively. The comparables have sites ranging in size from 10,454 to 17,424 square feet of land area. The comparables were improved with one-story dwellings of wood siding exterior construction ranging in size from 1,709 to 2,106 square feet of living area. The dwellings were constructed from 1998 to 2002. The comparables each feature central air conditioning, one fireplace, a garage ranging in size from 506 to 768 square feet of building area and an unfinished basement.¹ The comparables sold from August 2016 to April 2017 for prices ranging from \$230,000 to \$266,000 or from \$123.22 to \$148.52 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted six comparable sales for the Board's consideration with two comparables being utilized by both parties. The board gave less weight to the appellant's comparable sale #4, along with board of review comparable sales #1 and #2 due to their smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparables #1 through #3, which includes the parties' two common comparables. Although each of these comparables have smaller land areas, smaller dwellings and lack finished basements, unlike the subject, they are similar to the subject in location, design and age. The comparables sold from November 2016 to April 2017 for prices ranging from \$233,000 to \$259,500 or from \$117.68 to \$126.03

¹ The board of review's grid analysis depicts comparable #3 as having finished basement area, which differs from the unfinished basement as shown on the property record card evidence. The Board finds the best evidence of the basement feature of comparable #3 was the property record card submitted by the board of review.

per square foot of living area, including land. The subject's assessment reflects a market value of \$285,710 or \$128.87 per square foot of living area, land included, which although greater than the most similar comparable sales in this record, is also supported considering the subject's superior land size, dwelling size and finished basement area. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the estimated market value as reflected by the assessment is supported and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
