

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Wennerberg
DOCKET NO.: 17-01250.001-R-1
PARCEL NO.: 14-28-307-014

The parties of record before the Property Tax Appeal Board are Charles Wennerberg, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,204
IMPR.: \$79,394
TOTAL: \$98,598

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,019 square feet of living area. The dwelling was constructed in 1979. Features of the home include a crawl-space foundation, central air conditioning, a fireplace and an attached 420 square foot garage. The property has a 9,000 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within .20 of a mile from the subject property. The comparable properties and the subject share the same neighborhood code as assigned by the assessor. The comparables consist of a 1.5-story and four, two-story dwellings of wood siding exterior construction which were built between 1969 and 1987. The homes range in size from 2,167 to 2,520 square feet of living area. Features of the homes

include concrete slab foundations, central air conditioning, a fireplace and an attached garage ranging in size from 400 to 500 square feet of building area. The comparables sold from February to November 2016 for prices ranging from \$250,000 to \$325,000 or from \$112.11 to \$134.52 per square foot of living area, including land.

Based on this evidence, the appellant requested a total assessment of \$88,991 which would reflect a market value of \$267,000 or \$132.24 per square foot of living area, including land, at the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$98,598. The subject's assessment reflects a market value of \$297,430 or \$147.32 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within .27 of a mile from the subject property. The comparable properties and the subject share the same neighborhood code as assigned by the assessor. The comparables consist of two-story dwellings of wood siding exterior construction which were built between 1977 and 1987. The homes range in size from 1,655 to 2,169 square feet of living area. Based upon attached property record cards in addition to the data in the grid analysis, features of the homes include either crawl-space and/or concrete slab foundations with two comparables having unfinished basements. Each home has central air conditioning; four comparables each have a fireplace; and each comparable has a garage ranging in size from 418 to 456 square feet of building area. The comparables sold from March 2016 to June 2017 for prices ranging from \$294,500 to \$375,000 or from \$172.89 to \$188.40 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #2 due to its dissimilar 1.5-story design as compared to the subject's two-story design and to appellant's comparables #3 and #4 due to their larger dwelling sizes when compared to the subject dwelling. The Board has given reduced weight to board of review comparables #4 and #5 as each of these homes have basements, a superior feature as compared to the subject's crawl-space foundation.

The Board finds the best evidence of market value to be appellant's comparable sales #1 along with board of review comparable sales #1, #2 and #3. The comparables are similar to the subject in location, design, age, size, foundation and/or most features. These four most similar comparables sold between March 2016 and June 2017 for prices ranging from \$291,500 to \$315,000 or from \$134.52 to \$188.40 per square foot of living area, including land. The subject's assessment reflects a market value of \$297,430 or \$147.32 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After considering adjustments to the comparables to account for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
