

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: CSMA BLT, LLC
DOCKET NO.: 17-01274.001-R-1
PARCEL NO.: 08-20-409-019

The parties of record before the Property Tax Appeal Board are CSMA BLT, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,068
IMPR.: \$25,486
TOTAL: \$33,554

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 1,304 square feet of living area. The dwelling was constructed in 1952. Features of the home include a full unfinished basement, central air conditioning and a 468 square foot garage. The property has a 7,625 square foot site and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within .53 of a mile of the subject. The comparables are described as one-story dwellings of wood siding or brick exterior construction ranging in size from 1,020 to 1,357 square feet of living area. The dwellings were built from 1950 to 1965. The comparables each have an unfinished basement, two comparables have central air conditioning and each comparable has a garage ranging in size from 240 to 414 square feet of building area. The

comparables have improvement assessments ranging from \$16,379 to \$22,207 or from \$15.94 to \$16.36 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,554. The subject property has an improvement assessment of \$25,486 or \$19.54 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables located within .474 of a mile of the subject. The comparables consist of one-story dwellings of wood siding or brick exterior construction ranging in size from 1,189 to 1,480 square feet of living area. The dwellings were constructed from 1950 to 1967. The comparables each feature an unfinished basement, four comparables have central air conditioning, two comparables each have two fireplaces and each comparable has a garage ranging in size from 252 to 540 square feet of building area. The comparables have improvement assessments ranging from \$24,360 to \$29,170 or from \$19.71 to \$22.06 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted 11 equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #2 along with board of review comparables #4, #5 and #7 due to their dissimilar ages and/or dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are more similar to the subject in location, dwelling size, design, age and features. The comparables have improvement assessments ranging from \$22,207 to \$29,170 or from \$16.36 to \$22.06 per square foot of living area. The subject has an improvement assessment of \$25,486 or \$19.54 per square foot of living area, which falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
