

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alex Padalko
DOCKET NO.: 17-01302.001-R-1
PARCEL NO.: 16-26-105-013

The parties of record before the Property Tax Appeal Board are Alex Padalko, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$100,911
IMPR.: \$47,804
TOTAL: \$148,715

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story brick dwelling. The dwelling was constructed in 1954 and contains 968 square feet of living area. Features include an unfinished basement and a 280 square foot garage. The site contains 15,167 square feet of land area located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood as the subject. The comparables are described as one-story wood-sided or brick dwellings built from 1940 to 1952 and ranging in size from 929 to 1,080 square feet of living area. The comparables feature unfinished basements and garages that range in size from 322 to 440 square feet of building area. Two comparables have fireplaces. The comparables have improvement assessments ranging from \$44,009 to

\$45,141 or from \$41.80 to \$47.48 per square foot of living area. Based on this evidence the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$148,715. The subject property has an improvement assessment of \$47,804 or \$49.38 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within 0.288 of a mile from the subject and within the same neighborhood as the subject. The comparables are described as one-story brick dwellings built from 1951 to 1958. They range in size from 897 to 1,054 square feet of living area. The comparables feature basements, one with finished area. Two comparables have fireplaces, two have central air conditioning and three feature garages that range in size from 374 to 528 square feet of building area. The comparables have improvement assessments ranging from \$44,112 to \$56,936 or from \$47.48 to \$54.02 per square foot of living area. Based on this evidence the board of review asked for confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gives less weight to board of review comparables #1, #2 and #4 based on their dissimilar features such as a partially finished basement, central air conditioning and/or lack of a garage as compared to the subject. The Board gives more weight to the appellant's three comparables and to board of review comparable #3 which are similar to the subject in location, style, dwelling size, age and most features. The comparables have improvement assessments ranging from \$41.80 to \$49.70 per square foot of living area. The subject's improvement assessment of \$49.38 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
