

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Weinstein  
DOCKET NO.: 17-01373.001-R-1  
PARCEL NO.: 16-21-410-011

The parties of record before the Property Tax Appeal Board are Scott Weinstein, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$38,304  
**IMPR.:** \$129,868  
**TOTAL:** \$168,172

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story brick dwelling. The dwelling was constructed in 1968 and contains 2,739 square feet of living area. Features include an unfinished basement, central air conditioning, a fireplace and a 342 square foot garage. The site is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within 0.41 of a mile from the subject. The comparables are described as 2-story brick dwellings built from 1935 to 1969 and ranging in size from 2,660 to 3,321 square feet of living area. The comparables feature basements, two with finished areas, central air conditioning, one or two fireplaces each, and garages that range in size from 440 to 484 square feet of building area. The comparables have improvement assessments ranging from

\$107,786 to \$116,079 or from \$34.59 to \$40.52 per square foot of living area. Based on this evidence the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$168,172. The subject property has an improvement assessment of \$129,868 or \$47.41 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on eight equity comparables located within 0.666 of a mile from the subject. The comparables are described as two-story brick dwellings built from 1966 to 1979. They range in size from 2,705 to 2,800 square feet of living area. The comparables feature unfinished basements, central air conditioning and garages that range in size from 440 to 486 square feet of building area. Five comparables feature fireplaces. The comparables have improvement assessments ranging from \$125,530 to \$141,386 or from \$45.77 to \$50.82 per square foot of living area. Based on this evidence the board of review asked for confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gives less weight to the appellant's comparables based on their older and/or larger dwellings and/or superior partially finished basements as compared to the subject. The Board gives more weight to the board of review comparables which are similar to the subject in location, style, dwelling size, exterior construction, age and most features. The comparables have improvement assessments ranging from \$45.77 to \$50.82 per square foot of living area. The subject's improvement assessment of \$47.41 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
