

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Octavine Jones
DOCKET NO.: 17-01629.001-R-1
PARCEL NO.: 07-02-106-017

The parties of record before the Property Tax Appeal Board are Octavine Jones, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,027
IMPR.: \$86,340
TOTAL: \$108,367

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,515 square feet of living area. The dwelling was constructed in 2005. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 701 square foot garage. The property has a 7,395 square foot site and is located in Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparables located within .24 of a mile of the subject. The comparables are described as 2-story dwellings of wood siding exterior construction ranging in size from 3,173 to 3,601 square feet of living area. The dwellings were constructed in 2005 and 2006. The comparables have basements, with one having finished area. Features of each comparable include central air conditioning, one fireplace and a garage ranging in size from 550

to 728 square feet of building area. The comparables are situated on sites ranging in size from 8,073 to 10,819 square feet of land area. The comparables sold from April 2016 to February 2017 for prices ranging from \$300,000 to \$338,000 or from \$84.79 to \$100.22 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$108,367. The subject's assessment reflects a market value of \$326,899 or \$93.00 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on four comparable sales located within .243 of a mile of the subject. Board of review comparables #1, #2 and #4 were submitted by the appellant as comparables #3, #2 and #4, respectively. Board of review comparable #3 is described as a 2-story dwelling of wood siding exterior construction that has 3,411 square feet of living area. The dwelling was constructed in 2005 and features an unfinished basement, central air conditioning, one fireplace and a garage with 662 square feet of building area. The comparable is situated on a site with 10,083 square feet of land area. The comparable sold in August 2017 for a price \$335,000 or \$98.21 per square foot of living area, including land. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted five comparable sales which includes the three common comparables that are similar to the subject in location, design, age and features. The comparables sold from April 2016 to August 2017 for prices ranging from \$300,000 to \$338,000 or from \$84.79 to \$100.22 per square foot of living area, including land. The subject's assessment reflects a market value of \$326,899 or \$93.00 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering necessary adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
