

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mike Meyer
DOCKET NO.: 17-01632.001-R-1
PARCEL NO.: 06-36-102-035

The parties of record before the Property Tax Appeal Board are Mike Meyer, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,844
IMPR.: \$64,976
TOTAL: \$83,820

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 2,218 square feet of living area. The dwelling was constructed in 1990. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 420 square foot garage. The property has a 10,601 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales located in the same neighborhood code assigned by the assessor as the subject property. The parcels range in size from 8,504 to 10,111 square feet of land area and have been improved with two-story dwellings of vinyl or wood siding exterior construction. The homes were built between 1991 and 1993 and range in size from 1,973 to 2,632 square feet of living area. Features include full or partial basements, two of

which have finished areas. Each home has central air conditioning and a garage ranging in size from 400 to 584 square feet of building area. Five of the comparables have one or two fireplaces. The comparables sold between March and December 2016 for prices ranging from \$217,500 to \$271,000 or from \$102.96 to \$129.08 per square foot of living area, including land. Based on this evidence and argument, the appellant requested a reduction in the subject's assessment to reflect a market value of \$246,199 at the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,711. The subject's assessment reflects a market value of \$267,605 or \$120.65 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located in the same neighborhood code assigned by the assessor as the subject property. Two of the comparables were presented by the appellant as comparables #5 and #6. The two newly presented comparables consist of parcels of 13,489 and 8,784 square feet of land area and have been improved with two-story dwellings of vinyl siding exterior construction. The homes were built in 1990 and 1992 and contain 2,257 and 1,964 square feet of living area, respectively. Both homes have a basement, one of which has finished area. Each home has central air conditioning, a fireplace and a garage of 441 and 420 square feet of building area, respectively. The comparables each sold in October 2015 for prices of \$308,000 and \$255,000 or for \$136.46 and \$129.84 per square foot of living area, including land, respectively. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight comparable sales, with two common properties presented by both, to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #4 and #6 along with board of review comparables #3 and #4 due to the finished basement areas of these homes as compared to the subject's unfinished basement. The Board has also given reduced weight to board of review comparables #2 and #4 as these properties sold in 2015, dates more remote in time to the valuation date at issue of January 1, 2017 and thus less likely to be indicative of the subject's estimated market value as of the assessment date.

The Board finds the best evidence of market value to be appellant's comparable sales #1, #2, #3 and #5 along with board of review comparable sale #1 which was presented as appellant's comparable #5. These four most similar comparables sold between April and December 2016 for prices ranging from \$217,500 to \$271,000 or from \$102.96 to \$118.38 per square foot of

living area, including land. The subject's assessment reflects a market value of \$267,605 or \$120.65 per square foot of living area, including land, which appears to be slightly excessive on a per-square-foot basis when giving due consideration to the best comparable sales in this record. After considering adjustments to the comparables for differences such as size when compared to the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
