

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brent Bertke
DOCKET NO.: 17-01680.001-R-1
PARCEL NO.: 06-25-302-009

The parties of record before the Property Tax Appeal Board are Brent Bertke, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,614
IMPR.: \$76,377
TOTAL: \$94,991

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 2,750 square feet of living area. The dwelling was constructed in 1994. Features of the home include an unfinished partial basement, central air conditioning, two fireplaces and a 420 square foot attached garage. The property has a 9,543 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.28 of a mile from the subject property. The comparables have sites that range in size from 8,504 to 16,686 square feet of land area and are improved with two-story dwellings of vinyl exterior siding that range in size from 2,448 to 3,106 square feet of living area. The homes were built in 1992 or 1993. Each comparable has a basement, one with finished area, central air conditioning and garage ranging

in size from 400 to 584 square feet of building area.¹ Four of the comparables also have one or two fireplaces. The comparables sold from March 2016 to April 2017 for prices ranging from \$239,000 to \$330,000 or from \$86.06 to \$106.25 per square foot of living area, land included. The appellant also submitted Multiple Listing Service (MLS) sheets for comparables #1, #2 and #5. Based on this evidence, the appellant requested the subject's assessment be reduced to \$90,741.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$94,991. The subject's assessment reflects a market value of \$286,549 or \$104.20 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within approximately 0.31 of a mile from the subject property. The board of review comparables #1 and #2 are the same properties as the appellant's comparables #3 and #1, respectively. The comparables have sites that range in size from 8,504 to 16,686 square feet of land area and are improved with two-story dwellings of vinyl siding exterior construction that range in size from 2,539 to 2,777 square feet of living area. The homes were built in 1993 or 1994. Each comparable has a basement, two with finished area, central air conditioning and garage ranging in size from 400 to 441 square feet of building area. Three comparables also have one or two fireplaces. The comparables sold from July 2015 to September 2017 for prices ranging from \$271,000 to \$330,000 or from \$102.96 to \$118.83 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparables for the Board's consideration where two comparables are common to both parties. The Board gave less weight to appellant's comparables #1/board of review #2 and #5 due to larger site size when compared to the subject as well as appellant #2 which has a finished basement compared to the subject's unfinished basement. The Board also gave little weight to the board of review comparable #3 which has a 2015 sale date that is too remote in time to be indicative of the subject's market value as of the January 1, 2017 assessment date. The Board finds the best evidence of market value to be appellant's comparable #3/board of review #1 and #4 along with board of review comparable #4 which are more similar in location, age, site size, design, dwelling size and most features when compared to the subject. These most similar comparables sold from July 2016 to August 2017 for prices ranging from

¹ Finished basement area was reported in Multiple Listing Service sheet submitted by the appellant.

\$253,000 to \$295,000 or from \$102.96 to \$115.69 per square foot of living area, including land. The subject's assessment reflects a market value of \$286,549 or \$104.20 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
