

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: CSMA BLT, LLC
DOCKET NO.: 17-01779.001-R-1
PARCEL NO.: 08-20-201-023

The parties of record before the Property Tax Appeal Board are CSMA BLT, LLC, the appellant, by attorney Abby L. Strauss of Schiller Strauss & Lavin PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,468
IMPR.: \$27,265
TOTAL: \$34,733

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,088 square feet of living area. The dwelling was constructed in 1930. Features of the home include a full unfinished basement, a fireplace and a 252 square foot garage. The property has a 7,059 square foot site and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood as the subject property. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 2,200 to 2,356 square feet of living area. The dwellings were constructed from 1901 to 1925. The comparables each feature an unfinished basement, one comparable has a fireplace and two comparables each have a garage containing 396 or 440 square feet of building area. The

comparables have improvement assessments ranging from \$24,238 to \$25,178 or from \$10.69 to \$11.31 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,733. The subject property has an improvement assessment of \$27,265 or \$13.06 per square foot of living area.

In response to the appeal, the board of review submitted a cover letter from the Waukegan Township Assessor's Office. The assessor argued that the appellant's comparables are older than the subject and have wood siding exteriors which differs from the subject's brick exterior, and comparable #3 does not have a garage. The assessor also asserted the subject was remodeled in 2015 and provided a rent listing in support of their claim.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same neighborhood as the subject property. The comparables are improved with two-story dwellings of brick, aluminum or wood siding exterior construction ranging in size from 1,926 to 2,244 square feet of living area. The comparables were built from 1928 to 1932. The comparables each feature an unfinished basement, one or two fireplaces and a garage ranging in size from 480 to 960 square feet of building area. The comparables have improvement assessments ranging from \$25,348 to \$30,554 or from \$13.06 to \$13.62 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables which differ in age or lack a garage dissimilar to the subject.

The Board finds the comparables submitted by the board of review are most similar to the subject in location, dwelling size, design, age and features. These comparables have improvement assessments ranging from \$13.06 to \$13.62 per square foot of living area. The subject property has an improvement assessment of \$13.06 per square foot of living area, which is supported by the best comparables in the record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the evidence demonstrates the subject's improvement assessment is justified. Based on this record the Board

finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
