

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jennifer Goldstein
DOCKET NO.: 17-01892.001-R-1
PARCEL NO.: 16-28-214-002

The parties of record before the Property Tax Appeal Board are Jennifer Goldstein, the appellant, by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,838
IMPR.: \$347,284
TOTAL: \$413,122

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of brick exterior construction with 4,068 square feet of living area. The dwelling was built in 2008. Features of the home include a full basement that is partially finished, central air conditioning, one fireplace and two attached garages with a combined building area of 667 square feet. The property is in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on three comparable sales improved with two-story dwellings with brick or wood siding exteriors ranging in size from 3,411 to 4,770 square feet of living area. The dwellings were built in 2004 and 2005. Each comparable has a full basement with two being partially finished, central air conditioning, one or two fireplaces and an attached garage ranging in size from 441 to 828 square feet of building area. These properties are located from

.21 to .91 miles from the subject property. The sales occurred from January 2016 to October 2017 for prices ranging from \$825,000 to \$1,282,500 or from \$235.65 to \$269.72 per square foot of living area, land included. The appellant requested the subject's assessment be reduced to \$349,921.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$413,122. The subject's assessment reflects a market value of \$1,246,220 or \$306.35 per square foot of living area, land included, when using the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales improved with two-story dwellings with brick or wood siding exteriors ranging in size from 3,426 to 4,380 square feet of living area. The homes were built from 2006 to 2012. Each comparable has a basement with three having finished area, central air conditioning, one or two fireplaces and an attached garage ranging in size from 672 to 941 square feet of building area. The comparables are located from .527 to 1 mile from the subject property. Comparables #1 through #3 have the same assessment neighborhood code as the subject property. The sales occurred from August 2015 to November 2017 for prices ranging from \$1,225,000 to \$1,580,000 or from \$312.02 to \$364.86 per square foot of living area, including land.

The board of review requested confirmation of the assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on seven comparable sales in support of their respective positions. The Board gives most weight to board of review comparables #1 through #3 as these properties are most similar to the subject in location, style, dwelling size and features. These three comparables sold from August 2015 to November 2017 for prices ranging from \$1,225,000 to \$1,580,000 or from \$312.02 to \$360.73 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,246,220 or \$306.35 per square foot of living area, including land, which is within the overall price range but below the range on a square foot basis established by the best comparable sales in this record. Less weight was given the remaining comparables due to differences from the subject property in location and/or dwelling size. In conclusion the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
