

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Schiff
DOCKET NO.: 17-01914.001-R-1
PARCEL NO.: 11-28-306-010

The parties of record before the Property Tax Appeal Board are David Schiff, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$54,588
IMPR.: \$137,872
TOTAL: \$192,460

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story brick single-family dwelling built in 2001. The home contains 3,311 square feet of living area and features a full unfinished basement, central air conditioning, a fireplace, and a 623-square foot garage. The dwelling is situated on a 10,773 square foot site located in Vernon Hills, Libertyville Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted information on six comparable sales located from .05 of a mile to 1.23 miles from the subject and all have the same neighborhood code as the subject. The dwellings were built from 1998 to 2003 and consist of two-story single-family dwellings with brick or wood-siding exteriors. The houses are situated on sites ranging in size from 9,918 to 17,822 square feet of land area and range in size from 3,215 to 3,607 square feet of living area. The comparables each have an unfinished basement, central air conditioning, and a garage ranging in size from 440 to

649 square feet of building area. Five comparables each have a fireplace. The comparables sold from June 2016 to June 2017 for prices ranging from \$505,000 to \$612,500 or from \$157.08 to \$174.40 per square foot of living area, including land. Based on this evidence, the appellant requested an assessment of \$185,398, reflecting a market value of approximately \$556,194 or \$167.98 per square foot of living area, land included.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$192,460. The subject's assessment reflects a market value of approximately \$580,057 or \$175.35 per square foot of living area, land included, when using the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted a grid analysis containing information on five comparable sales. The properties are located from .509 of a mile to 1.033 miles from the subject and have the same neighborhood code as the subject. The dwellings consist of two-story single-family dwellings with brick or wood siding exteriors situated on sites containing from 11,085 to 19,131 square feet of land area. The homes were built from 1998 to 2003 and range in size from 3,016 to 3,240 square feet of living area. The comparables each have a full unfinished basement, central air conditioning, and a garage ranging in size from 532 to 667 square feet of building area. Five comparables have one or three fireplaces. Comparable #1 feature an inground swimming pool according to the property record card. The comparables sold from September 2016 to June 2017 for prices ranging from \$547,000 to \$650,000 or from \$177.14 to \$215.52 per square foot of living area, including land. Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 11 comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gave less weight to appellant's comparables #1, #4 and #5 which are each located more than a mile distant from the subject. The Board also gave less weight to board of review comparables #1, #4 and #5 as comparable #1 has an inground swimming pool, dissimilar to the subject, and comparables #4 and #5 are each located more than a mile distant from the subject.

The Board finds that appellant's comparables #2, #3 and #6 and board of review comparables #2 and #3 were the best comparables submitted in the record in terms of location, design, age, size and most features. These comparables sold from March to June 2017 for prices ranging from \$555,000 to \$616,000 or from \$160.18 to \$190.76 per square of living area, land included. The subject's assessment reflects an estimated market value of \$580,057 or \$175.35 per square foot of living area, land included, which falls within the range established by the best comparable

sales submitted for the Board's consideration. After considering adjustments to the comparables for any differences from the subject, the Board finds the subject's assessed value appears to be supported and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
