

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barbara Sebolt  
DOCKET NO.: 17-01926.001-R-1  
PARCEL NO.: 12-21-218-012

The parties of record before the Property Tax Appeal Board are Barbara Sebolt, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$119,366  
**IMPR.:** \$440,525  
**TOTAL:** \$559,891

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of shingle-wood exterior construction with 3,924 square feet of living area. The dwelling was constructed in 2007. Features of the home include a partial basement with finished area, central air conditioning, three fireplaces and a detached 529 square foot garage. The property has a 10,842 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales which are each located in the same neighborhood code assigned by the assessor as the subject property and within .30 of a mile from the subject. The comparables consist of 1.75-story or two-story dwellings of brick or stucco exterior construction. The homes were built between 1998 and 2006 and range in size from 3,294 to 4,556 square feet of living area. Each comparable has a full basement, five of which

have finished areas, central air conditioning, one to three fireplaces and five of the comparables each have a garage ranging in size from 441 to 525 square feet of building area. The comparables sold between March 2015 and March 2017 for prices ranging from \$1,100,000 to \$1,635,000 or from \$323.53 to \$390.86 per square foot of living area, including land.

Based on this evidence, the appellant requested an assessment reflective of a market value of approximately \$355.00 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$559,891. The subject's assessment reflects a market value of \$1,688,962 or \$430.42 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located in the same neighborhood code assigned by the assessor as the subject property and within .24 of a mile from the subject. Board of review comparable #3 is the same property as appellant's comparable #6. The comparables consist of 1.75-story or two-story dwellings of brick or wood siding exterior construction. The homes were built between 2003 and 2016 and range in size from 2,484 to 3,364 square feet of living area. Each comparable has a full basement with finished area, central air conditioning, one to six fireplaces and a garage ranging in size from 440 to 484 square feet of building area. The comparables sold between October 2015 and August 2016 for prices ranging from \$1,287,500 to \$1,872,500 or from \$390.86 to \$556.63 per square foot of living area, including land.

Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties, with one common property presented by both parties, to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #3 and #5 along with board of review comparable #2 as each of these properties sold in 2015, a date more remote in time to the valuation date at issue of January 1, 2017 and thus less likely to be indicative of the subject's estimated market value as of the assessment date.

The Board finds the best evidence of market value to be appellant's comparable sales #1, #2, #4 and #6 along with board of review comparable sales #1 and #3 where there is one common property presented. The comparables present varying degrees of similarity to the subject

property. These five most similar comparables sold between January 2016 and March 2017 for prices ranging from \$1,100,000 to \$1,872,500 or from \$323.53 to \$556.63 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,688,962 or \$430.42 per square foot of living area, including land, which is within the range established by the best comparable sales in this record and particularly well-supported by the common comparable presented by the parties when giving due consideration to differences such as age, size and/or features. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
