

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Dobey  
DOCKET NO.: 17-02006.001-R-1  
PARCEL NO.: 11-27-101-015

The parties of record before the Property Tax Appeal Board are Richard Dobey, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$54,131  
**IMPR.:** \$97,684  
**TOTAL:** \$151,815

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,615 square feet of living area. The dwelling was constructed in 1970. Features of the home include an unfinished partial basement, central air conditioning, a fireplace and a 400 square foot garage. The property has a 10,000 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located within .16 of a mile of the subject property. The comparables have sites ranging in size from 10,000 to 14,132 square feet of land area. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 2,554 to 2,664 square feet of living area. The dwellings were constructed from 1968 to 1972. The comparables each feature an unfinished basement, central

air conditioning, one or two fireplaces and a garage ranging in size from 400 to 627 square feet of building area. The comparables sold in June or August 2016 for prices ranging from \$410,000 to \$470,000 or from \$153.90 to \$176.63 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$153,607. The subject's assessment reflects a market value of \$463,370 or \$177.20 per square foot of living area, land included, when using the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located within .263 of a mile of the subject property. Board of review comparable #3 was also utilized by the appellant as comparable #3. The comparables were improved with two-story dwellings of wood siding exterior construction ranging in size from 2,454 to 2,671 square feet of living area. The dwellings were constructed from 1968 to 1970. The comparables each feature an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 400 to 627 square feet of building area. The comparables sold from June to October 2016 for prices ranging from \$414,000 to \$470,000 or from \$162.10 to \$176.63 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted six comparable sales for the Board's consideration, with one comparable being utilized by both parties. Each comparable is similar to the subject in location, dwelling size, design, age and features. These comparables sold from June to October 2016 for prices ranging from \$410,000 to \$470,000 or from \$153.90 to \$176.63 per square foot of living area, including land. The subject's assessment reflects a market value of \$463,370 or \$177.20 per square foot of living area, land included, which falls within the overall price range but above the range on a square foot basis established by the best comparable sales in this record. After considering adjustments to the comparables for any differences, when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is excessive. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
