

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Wolf
DOCKET NO.: 17-02106.001-R-1
PARCEL NO.: 14-05-108-004

The parties of record before the Property Tax Appeal Board are Joseph Wolf, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,117
IMPR.: \$146,532
TOTAL: \$178,649

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story wood-sided single-family dwelling built in 1990. The home contains 3,576 square feet of living area and features a full unfinished basement, central air conditioning, a fireplace, and a 682-square foot garage. The dwelling is situated on a 50,241 square foot site located in Hawthorn Woods, Ela Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted information on six comparable sales located from .20 of a mile to 1.25 miles from the subject that all share the same neighborhood code as the subject. The dwellings were built from 1989 to 1995 and consist of two-story brick or wood-sided single-family dwellings. The houses are situated on sites ranging in size from 36,680 to 152,415 square feet of land area and range in size from 3,442 to 3,779 square feet of living area. The comparables feature an unfinished basement, central air conditioning, one to three fireplaces, and a garage ranging in size from 704

to 948 square feet of building area. Comparables #1 and #6 have inground swimming pools. The comparables sold from May 2016 to March 2017 for prices ranging from \$460,000 to \$575,000 or from \$125.00 to \$158.80 per square foot of living area, including land. Based on this evidence, the appellant requested an assessment of \$168,651, reflecting a market value of approximately \$505,953 or \$141.49 per square foot of living area, land included.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$178,649. The subject's assessment reflects a market value of approximately \$528,911 or \$150.70 per square foot of living area, land included, when using the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted a grid analysis containing information on six comparable sales, two of which were also utilized by the appellant. The properties are located from .089 of a mile to 1.268 miles from the subject and all have the same neighborhood code as the subject. The dwellings consist of two-story brick or wood-sided single-family dwellings situated on sites containing from 41,217 to 102,001 square feet of land area. The homes were built from 1988 to 1998 and range in size from 2,726 to 3,980 square feet of living area. The comparables each have a basement, three of which finished area according to the property record cards submitted by the board of review. The comparables also have central air conditioning, one or two fireplaces, and a garage ranging in size from 660 to 979 square feet of building area. The property record cards submitted by the board of review disclose that comparable #1 and #2 have inground swimming pools and comparable #2 also has a pool shed. The comparables sold from July 2015 to May 2017 for prices ranging from \$555,000 to \$655,000 or from \$153.27 to \$214.60 per square foot of living area, including land. Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten comparable sales to support their respective positions before the Property Tax Appeal Board as appellant's comparables 5 and #6 are the same properties as board of review comparables #3 and #2, respectively. The Board gave less weight to appellant's comparables #1, #4, and #6 as comparables #4 and #6 each have a much larger lot size, a larger garage and an inground swimming pool, all dissimilar to the subject and comparable #4 is located 1.25 miles from the subject. The Board also gave less weight to board of review comparables #1, #2, #5 and #6. Comparable #1's July 2015 sale is dated in relation to the January 1, 2017 assessment date at issue. These four comparables further differ from the subject in lot size, garage size, and/or location. Further, comparables #1 and #2 each have an inground swimming pool and/or a pool shed.

The Board finds that appellant's comparables #2 and #3, board of review comparable #4 and the parties' remaining common comparable were the best comparables submitted in the record in terms of location, design, age, size and most features. These comparables sold from May to September 2016 for prices ranging from \$512,000 to \$610,000 or from \$135.49 to \$158.62 per square of living area, land included, respectively. The subject's assessment reflects an estimated market value of \$528,911 or \$150.70 per square foot of living area, land included, which falls within the range established by the best comparable sales submitted for the Board's consideration. After considering adjustments to the comparables for any differences from the subject, the Board finds the subject's assessed value appears to be supported and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
