

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Goldberg  
DOCKET NO.: 17-02300.001-R-1  
PARCEL NO.: 16-32-313-047

The parties of record before the Property Tax Appeal Board are Richard Goldberg, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$56,291  
**IMPR.:** \$170,353  
**TOTAL:** \$226,644

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,459 square feet of living area. The dwelling was constructed in 1986. Features of the home include a partial basement with finished area, central air conditioning, a fireplace and a 420 square foot garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .76 of a mile of the subject property. The comparables consist of two-story dwellings of brick exterior construction ranging in size from 3,229 to 3,850 square feet of living area. The dwellings were constructed in either 1993 or 1998. Each comparable has an unfinished basement, central air conditioning, a fireplace and a garage ranging in size from 432 to 782 square feet of building area. The comparables sold in either April 2016 or March 2017 for prices ranging from \$571,000 to

\$695,000 or from \$176.83 to \$197.28 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$226,644. The subject's assessment reflects a market value of \$683,692 or \$197.66 per square foot of living area, land included, when using the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located within .67 of a mile of the subject property. The comparables are improved with two-story dwellings of wood siding or brick exterior construction ranging in size from 3,242 to 3,760 square feet of living area. The dwellings were constructed from 1987 to 1993. Each comparable features a basement with one having finished area. The comparables each have central air conditioning, a fireplace and a garage ranging in size from 484 to 880 square feet of building area. The comparables sold from July 2015 to May 2018 for prices ranging from \$667,500 to \$755,000 or from \$197.52 to \$205.89 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparable sales for the Board's consideration. The Board finds board of review comparables #1, #2 and #4 have sale dates in either 2015 or 2018, which are less proximate in time to the assessment date at issue and less likely to be indicative of the subject's market value as of the January 1, 2017 assessment date.

The Board finds the best evidence of market value to be the three comparables submitted by the appellant, along with board of review comparable #3. Although none of these comparables have finished basement areas like the subject and the appellant's comparables are slightly newer in age, these four comparables are similar to the subject in location, dwelling size and design. The comparables sold from April 2016 to April 2017 for prices ranging from \$571,000 to \$720,000 or from \$176.83 to \$201.91 per square foot of living area, including land. The subject's assessment reflects a market value of \$683,692 or \$197.66 per square foot of living area, including land, which falls within the range of the most similar comparable sales in this record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the estimated market value as reflected by the assessment is supported and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
