

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kyungsook Kim
DOCKET NO.: 17-02390.001-R-1
PARCEL NO.: 15-24-306-060

The parties of record before the Property Tax Appeal Board are Kyungsook Kim, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,809
IMPR.: \$99,193
TOTAL: \$169,002

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 2,134 square feet of living area. The dwelling was constructed in 1984. Features of the home include a partial basement with 990 square feet of finished area, central air conditioning, a fireplace and a 484 square foot garage. The property has a 20,038 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales all located in the subject's neighborhood and within 0.26 mile of the subject property. The comparables are improved with one-story single family dwellings of frame or brick exterior construction and were built between 1974 and 1976. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a garage that contains 576 square feet of building area. The dwellings

have 2,633 or 3,008 square feet of living area and have sites that range in size from 19,602 to 21,344 square feet of land area. The comparables sold from April 2015 to November 2015 for prices ranging from \$525,000 to \$668,000 or from \$199.39 to \$222.07 per square foot of living area land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$148,111.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$169,002. The subject's assessment reflects a market value of \$509,810 or \$238.90 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located in the subject's or other nearby neighborhoods and within 1.13 miles of the subject property. The comparables are improved with one-story single family dwellings of frame exterior construction and were built between 1965 and 1976. Each comparable has a basement and one comparable has finished basement area. Other features of these comparable sales include two with central air conditioning and all with one fireplace. Garages range in size from 441 to 576 square feet of building area. Comparable #1 has an inground pool. Comparables #1 and #3 have enclosed porches. The dwellings range in size from 2,060 to 2,633 square feet of living area and have sites that range in size from 14,375 to 24,394 square feet of land area. The comparables sold from January 2016 to November 2016 for sale prices ranging from \$495,000 to \$675,000 or from \$220.97 to \$256.36 per square foot of living area, land included. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six comparable sales for the Board's consideration. The Board gave no weight to the appellant's comparable sales #1 and #3 due to sale dates considered outside a reasonable time frame for a 2017 valuation. The Board gave no weight to the board of review's comparable sale #1 due to presence of inground pool.

The Board finds the best evidence of market value to be the board of review comparables #2 and #3. These most similar comparables sold for prices from \$489,000 to \$495,000 or \$220.97 and \$240.29 per square foot of living area, including land. The subject's assessment reflects a market value of \$238.90 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
