

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Senthilkumar Rasan
DOCKET NO.: 17-02398.001-R-1
PARCEL NO.: 15-09-106-024

The parties of record before the Property Tax Appeal Board are Senthilkumar Rasan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,482
IMPR.: \$138,555
TOTAL: \$174,037

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling with wood siding containing 2,362 square feet of living area. The dwelling was constructed in 1991. Features of the home include a partial basement with finished area, central air conditioning, a fireplace and a 713 square foot garage. The property has a 16,685 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales all located in the subject's neighborhood and within 0.45 mile from the subject property. The comparables have sites ranging in size from 11,985 to 14,988 square feet of land area and are improved with two-story dwellings ranging in size from 2,662 to 2,693 square feet of living area. The homes were built between 1989 and 1991. All comparables have basements with finished area, central air

conditioning, one fireplace and garages with 441 square feet of building area. The comparables sold from March 2015 to November 2016 for prices of either \$542,000 or \$545,000 or from \$202.38 to \$204.73 per square foot living area, land included. Based on this evidence, the appellant requested that the subject's assessment be reduced to \$160,280.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$178,226. The subject's assessment reflects a market value of \$537,635 or \$227.62 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. all located in the subject's neighborhood and within 0.54 mile from the subject property. The comparables have sites ranging in size from 12,160 to 15,695 square feet of land area and are improved with two-story dwellings containing either 2,481 or 2,693 square feet of living area. The homes were built between 1989 and 1991. All comparables have basements, two with finished area, central air conditioning and garages with 441 square feet of building area. Two comparables have one fireplace and one comparable has two fireplaces. The comparables sold from June 2016 to August 2017 for prices ranging from \$517,500 to \$584,500 or from \$208.59 to \$221.68 per square foot living area, land included. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #2 based on a 2015 sale date. The Board finds the best evidence of market value to be appellant's comparable sales #1 and #3 and the board of review's comparable sales submitted. These most similar comparables sold for prices ranging from \$517,500 to \$584,500 or from \$202.38 to \$221.68 per square foot of living area, including land. The subject's assessment reflects a market value of \$537,635 or \$227.62 per square foot of living area, including land, which is above the range on a per square foot basis as established by the best comparable sales in this record. After considering differences in the comparables, relative to the subject, and based on the evidence in this record, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
