

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Larry Virgilio
DOCKET NO.: 17-02402.001-R-1
PARCEL NO.: 14-29-405-011

The parties of record before the Property Tax Appeal Board are Larry Virgilio, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$47,131
IMPR.: \$115,473
TOTAL: \$162,604

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood and face brick exterior with 2,820 square feet of living area. The dwelling was constructed in 1978. Features of the home include a full basement containing 334 square feet of finished area¹, central air conditioning, a fireplace and an 828 square foot garage. The property has a 45,411 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales all located in the subject's neighborhood and within 1.57 miles from the subject property. The comparables have sites ranging in size from 29,603 to 49,544 square feet of land area and are improved with two-story dwellings ranging in size from 2,618 to 3,201 square feet of living area. The homes were built

between 1976 and 1986. All comparables have unfinished basements, central air conditioning and one fireplace. Garages range from 552 to 725 square feet of building area. The comparables sold from June 2016 to March 2017 for prices of either \$430,000 or \$435,000 or from \$134.33 to \$166.16 per square foot living area, land included. Based on this evidence, the appellant requested that the subject's assessment be reduced to \$141,930.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$162,604. The subject's assessment reflects a market value of \$490,510 or \$173.94 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales all located within 0.69 mile from the subject property. The comparables have sites ranging from 41,113 to 51,820 square feet of land area and are improved with two-story dwellings ranging in size from 2,755 to 2,894 square feet of living area. The homes were built between 1977 and 1985. All comparables have basements, central air conditioning, fireplace and garages ranging in size from 552 to 794 square feet of building area. One comparable has finished basement area¹. The comparables sold from June 2016 to April 2018 for prices ranging from \$495,000 to \$627,500 or from \$175.53 to \$216.98 per square foot of living area, land included. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparables for the Board's consideration. Less weight was given to the appellant's comparables #2 and #3 for less similar location, site size and/or age and the board of review's comparable #3 for a 2018 sale date which is not considered appropriate for a January 1, 2017 determination of value. The Board finds the best evidence of market value to be appellant's comparable sale #1 and the board of review comparable sales #1, #2 and #4. These most similar comparables sold for prices ranging from \$430,000 to \$570,000 or from \$152.48 to \$196.96 per square foot of living area, including land. The subject's assessment reflects a market value of \$173.94 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after adjusting for differences between comparable sales and the subject property the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
