

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT:	R. Dennis Ball
DOCKET NO.:	17-02412.001-R-1
PARCEL NO.:	14-32-303-001

The parties of record before the Property Tax Appeal Board are R. Dennis Ball, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds <u>No Change</u> in the assessment of the property as established by the Lake County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$45,729
IMPR.:	\$153,392
TOTAL:	\$199,121

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior with 3,760 square feet of living area. The dwelling was constructed in 1978. Features of the home include a partial basement with no finished area, central air conditioning, three fireplaces and a 600 square foot garage. The property has a 42,861 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales all located in the subject's neighborhood and within 1.57 miles of the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior and were built between 1976 and 1987. One comparable has an inground pool. All comparables have unfinished basements, central air conditioning, one fireplace and garages that range in size from 506 to 726 square feet of building

area. The dwellings range in size from 3,102 to 3,201 square feet of living area and have site sizes that range from 29,603 to 32,393 square feet of land area. The comparables sold from October 2015 to March 2017 for prices ranging from \$318,000 to \$440,000 or \$102.51 to \$138.98 per square foot of living area, land included. Based on this evidence, the appellant requested that the subject's assessment be reduced to \$157,009.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$199,121. The subject's assessment reflects a market value of \$600,667 or \$159.75 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales all located in the subject's neighborhood and within 1.3 miles of the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior and were built between 1982 and 1992. All comparables have unfinished basements, central air conditioning; from one to three fireplaces and garages ranging in size from 414 to 832 square feet of building area. The dwellings range in size from 3,440 to 3,691 square feet of living area and have site sizes that range from 43,560 to 95,428 square feet of land area. The comparables sold from June 2016 to June 2017 for prices ranging from \$525,000 to \$740,000 or \$142.93 to \$207.63 per square foot of living area, land included. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gives minimal weight to the appellant's comparable #1 for the 2015 sale date. The Board gives minimal weight to appellant's comparable #2 and board of review comparables #2 and #3 for location beyond one mile from the subject property. Board of review comparable #4 is given minimal weight based on larger site size. The Board finds the best evidence of market value to be appellant's comparable sale #3 and board of review comparable sale #1 which are considered to be most like the subject in location, site size and overall features. These most similar comparables sold for prices ranging from \$440,000 to \$607,000 or \$138.98 to \$176.45 per square foot of living area, including land. The subject's assessment reflects a market value of \$600,667 or \$159.75 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
