

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rana Dragon
DOCKET NO.: 17-02460.001-R-1
PARCEL NO.: 15-33-107-009

The parties of record before the Property Tax Appeal Board are Rana Dragon, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,540
IMPR.: \$116,215
TOTAL: \$144,755

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,460 square feet of living area. The dwelling was constructed in 1980. Features of the home include a partial basement with finished area, central air conditioning, a fireplace and a 420 square foot attached garage. The property has a 7,350 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.43 of a mile from the subject property. The comparables have sites that have 6,825 or 6,930 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 2,440 to 2,630 square feet of living area. The homes were built from 1978 to 1988. Each comparable has a basement, three with finished area, central air conditioning and a 460

square foot garage. Three of the comparables have a fireplace. The comparables sold from August 2016 to March 2017 for prices ranging from \$370,000 to \$430,000 or from \$149.80 to \$178.38 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$139,386.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$144,755. The subject's assessment reflects a market value of \$436,667 or \$177.51 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on eight comparable sales located within approximately 0.36 of a mile from the subject property. Board of review comparable #5 is the same property as appellant's comparable #4 and board of review comparable #6 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 6,825 to 11,453 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 2,290 to 2,470 square feet of living area. The homes were built from 1978 to 1986. Five of the comparables have a basement with finished area while three of the comparables have a concrete slab foundation. Each comparable has central air conditioning and a garage ranging in size from 400 to 460 square feet of building area. Seven of the comparables have a fireplace. The comparables sold from August 2016 to August 2018 for prices ranging from \$427,500 to \$465,000 or from \$173.68 to \$189.02 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten comparables for the Board's consideration where two comparables are common to both parties. The Board gave less weight to appellant comparables #1 and #2. Comparable #1 appears to be an outlier with respect to sale price relative to other comparables in the record and comparable #2 has an unfinished basement compared to the subject's finished basement. The Board gave little weight to board of review comparables #3, #4, #7 and #8 due to sale dates in 2018, too remote in time to be indicative of the subject's market value as of the January 1, 2017 assessment date and/or presence of concrete slab foundation compared to the subject's finished basement.

The Board finds the best evidence of market value to be appellant's comparable #3/board of review comparable #6, appellant's comparable #4/board of review comparable #5 along with board of review comparables #1 and #2 which are more similar in location, age, design, dwelling size, basement finish and most features when compared to the subject. These four comparables

sold from August 2016 to July 2017 for prices ranging from \$427,500 to \$465,000 or from \$173.68 to \$189.02 per square foot of living area, including land. The subject's assessment reflects a market value of \$436,667 or \$177.51 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
