

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher Adams  
DOCKET NO.: 17-02560.001-R-1  
PARCEL NO.: 15-16-313-019

The parties of record before the Property Tax Appeal Board are Christopher Adams, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$47,870  
**IMPR.:** \$128,282  
**TOTAL:** \$176,152

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,774 square feet of living area. The dwelling was constructed in 1991. Features of the home include a partial basement with finished area, central air conditioning and a 460 square foot garage. The property has a 15,325 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .77 of a mile of the subject property. The comparables have sites ranging in size from 10,293 to 14,646 square feet of land area. The comparables consist of two-story dwellings of wood siding exterior construction containing 2,618 or 2,885 square feet of living area. The dwellings were constructed in 1988 or 1989. The comparables each feature a basement with two having finished

area, central air conditioning and a garage containing 460 or 483 square feet of building area. In addition, three comparables each have one fireplace. The comparables sold from May 2016 to May 2017 for prices ranging from \$465,000 to \$535,000 or from \$166.38 to \$185.44 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$176,152. The subject's assessment reflects a market value of \$531,379 or \$191.56 per square foot of living area, land included, when using the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on eight comparable sales located within .563 of a mile of the subject property. The comparables have sites ranging in size from 8,712 to 43,560 square feet of land area. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 2,714 to 2,992 square feet of living area. The dwellings were constructed from 1987 to 1993. Each comparable features a basement with six having finished area, central air conditioning, one to three fireplaces and a garage ranging in size from 441 to 744 square feet of building area. The comparables sold from May 2016 to October 2018 for prices ranging from \$536,000 to \$624,500 or from \$190.68 to \$210.58 per square foot of living area, including land. The board of review provided property record cards for the subject and each of its comparables. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve suggested comparables sales for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #2, along with board of review comparables #2 and #3 as each lack finished basement area unlike the subject. Furthermore, board of review comparable #2 has a sale date of October 2018 which is less proximate in time to the assessment date at issue than the other sales in the record. The Board also gave less weight to board of review comparable #7 which has a significantly larger site when compared to the subject.

The Board finds the best evidence of market value to be the seven remaining comparable sales submitted by the parties. These comparables are similar to the subject in location, dwelling size, design, age and features. They sold from May 2016 to December 2017 for prices ranging from \$465,000 to \$624,500 or from \$177.62 to \$210.58 per square foot of living area, including land. The subject's assessment reflects a market value of \$531,379 or \$191.56 per square foot of living area, including land, which falls within the range established by the best comparable sales in this

record. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the estimated market value as reflected by the assessment is supported and no reduction in the subject's assessment is warranted. Based on this record, the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
