

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alan Greenwell
DOCKET NO.: 17-02635.001-R-1
PARCEL NO.: 16-29-103-015

The parties of record before the Property Tax Appeal Board are Alan Greenwell, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$62,914
IMPR.: \$366,903
TOTAL: \$429,817

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,727 square feet of living area. The dwelling was constructed in 2006. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a 779 square foot garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 3,242 to 5,055 square feet of living area. The dwellings were constructed from 2001 to 2010. The comparables each feature a basement with finished area, central air conditioning, one fireplace and a garage ranging in size from 651 to 798 square feet of building area. The

comparables have improvement assessments ranging from \$199,681 to \$296,387 or from \$58.32 to \$64.48 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$429,817. The subject property has an improvement assessment of \$366,903 or \$77.62 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 4,461 to 5006 square feet of living area. The comparables were built from 2003 and 2007. The comparables each feature a basement, with three having finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 556 to 1,295 square feet of building area. The comparables have improvement assessments ranging from \$345,700 to \$385,508 or from \$70.97 to \$81.85 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #1 due to its smaller dwelling size when compared to the subject.

The Board finds the appellant's comparables #2 and #3, along with the comparables submitted by the board of review are most similar to the subject in dwelling size, design and age. These comparables have improvement assessments ranging from \$282,827 to \$385,508 or from \$58.63 to \$81.85 per square foot of living area. The subject property has an improvement assessment of \$366,903 or \$77.62 per square foot of living area, which falls within the range established by the best comparables in the record. After considering any necessary adjustments to the comparables for differences, when compared to the subject, the Board finds the evidence demonstrates the subject's improvement assessment is justified. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
