

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrea Orscheln
DOCKET NO.: 17-02636.001-R-1
PARCEL NO.: 02-36-402-032

The parties of record before the Property Tax Appeal Board are Andrea Orscheln, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,896
IMPR.: \$116,324
TOTAL: \$141,220

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,644 square feet of living area. The dwelling was constructed in 2006. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 735 square foot garage. The property has a 10,981 square foot site and is located in Lindenhurst, Lake Villa Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on six comparable sales located in the same neighborhood as the subject and within .28 of a mile of the subject property. The comparables have sites ranging in size from 10,981 to 17,164 square feet of land area and consist of two-story dwellings of wood siding exterior construction that range in size from 3,097 to 4,112 square feet of living area. The dwellings were constructed from 2006 to 2014. Each comparable has a basement, with three

having finished area. The comparables each have central air conditioning, one fireplace and a garage ranging in size from 440 to 999 square feet of building area. The comparables sold from May 2015 to February 2017 for prices ranging from \$323,000 to \$485,000 or from \$97.58 to \$124.80 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$141,220. The subject's assessment reflects a market value of \$426,003 or \$116.91 per square foot of living area, land included, when using the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located in the same subdivision as the subject and within .279 of a mile of the subject property. Board of review comparables #1, #2 and #3 are the same properties as the appellant's comparables #3, #4 and #5. The comparables have sites ranging in size from 10,983 to 17,164 square feet of land area. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 2,931 to 4,112 square feet of building area. The dwellings were built in either 2007 or 2014. The comparables each feature a basement, with two having finished area. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 716 to 999 square feet of building area. The comparables sold from May 2015 to February 2017 for prices ranging from \$380,000 to \$485,000 or from \$109.89 to \$129.65 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable sales for the Board's consideration, including three comparables utilized by both parties. The Board gave less weight to the appellant's comparable #4/board of review comparable #2 due to its larger site and dwelling sizes when compared to the subject. The Board also gave less weight to the appellant's comparable #1 and board of review comparable #4 due to their smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparables #1, #2, #3 and #5, which includes the parties' remaining two common comparables. Although, comparables #1 and #5 have slightly dated sales and each comparable has varying degrees of similarity in features when compared to the subject, these comparables are similar to the subject in location, site size, dwelling size, design and age. They sold from May 2015 to February 2017 for prices ranging from \$323,000 to \$440,000 or from \$97.58 to \$120.63 per square foot of living area, land included. The subject's assessment reflects a market value of \$426,003 or

\$116.91 per square foot of living area, land included, which falls within the range established by the best comparable sales in this record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the estimated market value as reflected by the assessment is supported and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
