

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sunil Kokkalrea  
DOCKET NO.: 17-02669.001-R-1  
PARCEL NO.: 14-32-303-005

The parties of record before the Property Tax Appeal Board are Sunil Kokkalrea, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$46,625  
**IMPR.:** \$121,112  
**TOTAL:** \$167,737

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior with 2,852 square feet of living area. The dwelling was constructed in 1977. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 598 square foot attached garage. The property has a 43,987 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales all located in the subject's neighborhood and within 1.61 miles from the subject. The comparables have sites ranging in size from 29,603 to 45,624 square feet of land area and are improved with two-story dwellings ranging in size from 2,744 and 3,201 square feet of living area. The homes were built in 1976 and 1981. All comparables have unfinished basements, central air conditioning, a fireplace and

attached garages with 604 or 725 square feet of building area. The comparables sold from July 2016 to April 2017 for prices ranging from \$380,000 to \$460,000 or from \$134.33 to \$143.71 per square foot living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$131,990.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$167,737. The subject's assessment reflects a market value of \$505,944 or \$177.42 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparables all located in the subject's neighborhood and within 1.3 miles from the subject. The comparables have sites ranging in size from 44,872 to 53,234 square feet of land area and are improved with two-story dwellings ranging in size from 2,742 and 2,950 square feet of living area. The homes were built between 1977 and 1987. All comparables have unfinished basements, central air conditioning, one or three fireplaces and attached garages ranging in size from 564 to 729 square feet of building area. The comparables sold from November 2015 to January 2017 for prices ranging from \$522,500 to \$607,000 or from \$190.55 to \$205.76 per square foot living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The comparables have varying degrees of similarity when compared to the subject in location, design, age, dwelling size and features. The Board gives least weight to the board of review comparable #2 due to a November 2015 sale date which is not as proximate in time to the assessment date as the best comparables. The Board also gives appellant's comparables #2 and #3 less weight because they have significantly smaller site sizes and are less proximate in location than the best sales. The Board finds the best evidence of market value to be appellant's comparable #1 and board of review comparables #1, #3 and #4 all of which are considered to be most similar to the subject in location, design, age, dwelling size and features. These most similar comparables sold for prices ranging from \$380,000 to \$570,000 or from \$138.48 to \$196.96 per square foot of living area, including land. The subject's assessment reflects a market value of \$505,944 or \$177.42 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
