

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karen Fitzpatrick
DOCKET NO.: 17-02670.001-R-1
PARCEL NO.: 10-26-201-108

The parties of record before the Property Tax Appeal Board are Karen Fitzpatrick, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,930
IMPR.: \$53,396
TOTAL: \$73,326

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior with 1,860 square feet of living area. The dwelling was constructed in 1992. Features of the home include a concrete slab foundation, central air conditioning and a 260 square foot attached garage. The property has a 9,068 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales all located in the subject's neighborhood and within 0.56 mile from the subject. The comparables have sites ranging in size from 6,520 to 7,566 square feet of land area and are improved with two-story dwellings with 1,780 or 1,860 square feet of living area. The homes were built in 1987 or 1989. One comparable has an unfinished basement, all comparables have central air conditioning, two have

a fireplace and all have attached garages with either 260 or 420 square feet of building area. The comparables sold from January 2015 to July 2016 for prices ranging from \$146,500 to \$195,500 or from \$82.30 to \$105.11 per square foot living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$60,210.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,326. The subject's assessment reflects a market value of \$221,195 or \$118.92 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales comparable sales all located in the subject's neighborhood and within 0.64 mile from the subject. Board of review comparables #1 and #3 are the same property. The comparables have sites ranging in size from 6,239 to 8,189 square feet of land area and are improved with two-story dwellings each with 1,860 square feet of living area. The homes were built in 1990 to 1995. All comparables have concrete slab foundations, central air conditioning, one with a fireplace and all have attached garages with 260 square feet of building area. The comparables sold from September 2015 to January 2017 for prices ranging from \$215,000 to \$230,000 or from \$115.59 to \$123.66 per square foot living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The comparables have varying degrees of similarity when compared to the subject in location, design, age, dwelling size and features. The Board gives minimal weight to the appellant's comparables #2 and #3 and board of review's comparable #2 for 2015 sale dates which are not as proximate in time to the assessment date as the best sales herein. The Board finds the best evidence of market value to be appellant's comparable sale #1 and board of review comparables #1, #3, that are the same sale, and #4 which are considered to be most similar to the subject in location, design, age, dwelling size and features. These most similar comparables sold for prices ranging from \$145,500 to \$230,000 or from \$82.30 to \$123.66 per square foot of living area, including land. The subject's assessment reflects a market value of \$221,195 or \$118.92 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
