

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dan Chow  
DOCKET NO.: 17-02690.001-R-1  
PARCEL NO.: 14-36-301-006

The parties of record before the Property Tax Appeal Board are Dan Chow, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$63,808  
**IMPR.:** \$236,081  
**TOTAL:** \$299,889

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 5,074 square feet of living area. The dwelling was constructed in 1988. Features of the home include a full basement with a finished recreation area<sup>1</sup>, central air conditioning, two fireplaces and a 1,053 square foot garage. The property has a 78,092 square foot site and is located in Long Grove, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within one mile of the subject. The comparables have sites ranging in size from 41,818 to 63,320 square foot of land area and are improved with two-story dwellings of brick exterior construction that range in size from 4,125 to 5,912 square feet of living area. The homes were built between 1987 and 1996. The

comparable have basements, one with finished recreation area; central air conditioning, two or three fireplaces and attached garages that range in size from 707 to 1,011 square feet of building area. Comparables sold from March 2015 to September 2016 for prices ranging from \$635,000 to \$965,000 or from \$153.94 to \$163.23 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$269,632.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$299,889. The subject's assessment reflects a market value of \$904,643 or \$178.29 per square foot of living area, land included, when using the 2017 three year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales located within one mile of the subject. The comparable sites range in size from 44,509 to 110,738 square feet of land area and are improved with two-story dwellings ranging in size from 3,680 to 5,927 square feet of living area. The homes were built between 1976 to 2000. All comparables have basements, two with finished recreation area; central air conditioning, one to three fireplaces and attached garages ranging in size from 726 to 1,027 square feet of building area. Three of the comparables include inground pools. The comparables sold from March 2015 to June 2017 for prices ranging from \$707,000 to \$1,550,000 or from \$163.23 and \$261.52 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight unique comparables for the Board's consideration with the appellant's comparable #3 and board of review comparable #1 being the same property. The comparables have varying degrees of similarity when compared to the subject in location, design, age, dwelling size and features. The Board gives minimal weight to the appellant's comparables #1 and #1 due to differences from the subject in size. The Board gives less weight to board of review comparables #3 and #6 due to differences from the subject in size. The Board finds the best evidence of market value to be appellant's comparable sales #3 and the board of review comparables #1, #2, #4 and #5 which are considered most like the subject in terms of size, age, location and overall features. These most similar comparables sold for prices ranging from \$895,000 to \$1,550,000 or from \$163.23 to \$261.52 per square foot of living area, including land. The subject's assessment reflects a market value of \$904,643 or \$178.29 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After taking into considerations differences in comparables relative to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
