

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Italiano  
DOCKET NO.: 17-02700.001-R-1  
PARCEL NO.: 16-29-208-016

The parties of record before the Property Tax Appeal Board are Joseph Italiano, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$43,076  
**IMPR.:** \$251,895  
**TOTAL:** \$294,971

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,495 square feet of living area. The dwelling was constructed in 2001. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 399 square foot garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables consist of two-story dwellings of brick or wood siding exterior construction ranging in size from 3,424 to 3,803 square feet of living area. The dwellings were constructed from 2001 to 2009. The comparables each feature a basement with one having finished. Each comparable has central air conditioning, one fireplace and one or two garages ranging in size from 473 to 681

square feet of building area. The comparables have improvement assessments ranging from \$193,325 to \$199,681 or from \$50.83 to \$58.32 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$294,971. The subject property has an improvement assessment of \$251,895 or \$72.07 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 3,430 to 3,646 square feet of living area. The comparables were built from 1999 to 2003. The comparables each feature an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 400 to 462 square feet of building area. The comparables have improvement assessments ranging from \$247,228 to \$266,047 or from \$70.46 to \$72.97 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #1 due to its larger dwelling sizes when compared to the subject.

The Board finds the appellant's comparable #2 and #3, along with the four comparables submitted by the board of review are most similar to the subject in location, dwelling size, design, age and features. These comparables have improvement assessments ranging from \$197,026 to \$266,047 or from \$55.66 to \$72.97 per square foot of living area. The subject property has an improvement assessment of \$251,895 or \$72.07 per square foot of living area, which falls within the range established by best comparables in the record. After considering any necessary adjustments to the comparables for differences, when compared to the subject, the Board finds the evidence demonstrates the subject's improvement assessment is justified. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
