

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeff Avny  
DOCKET NO.: 17-02704.001-R-1  
PARCEL NO.: 15-29-216-043

The parties of record before the Property Tax Appeal Board are Jeff Avny, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$25,247  
**IMPR.:** \$64,411  
**TOTAL:** \$89,658

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,586 square feet of living area. The dwelling was constructed in 1986. Features of the home include a crawl space foundation, central air conditioning, a fireplace and a 441 square foot garage. The property has an 8,190 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located in the same neighborhood as the subject property. The comparables have sites ranging in size from 5,490 to 7,734 square feet of land area. The comparables consist of two-story dwellings of wood siding exterior construction containing either 1,586 or 1,646 square feet of living area. The dwellings were constructed from 1980 to 1986. Each comparable features a crawl space foundation, central air

conditioning and a garage containing 441 square feet of building area. In addition, two comparables each have one fireplace. The comparables sold from October 2016 to June 2017 for prices ranging from \$198,000 to \$269,000 or from \$124.84 to \$169.61 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$89,658. The subject's assessment reflects a market value of \$270,462 or \$170.53 per square foot of living area, land included, when using the 2017 three-year average median level of assessment for Lake County of 33.15% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on six comparable sales located in the same neighborhood as the subject property. Board of review comparables #3 and #6 are the same properties as the appellant's comparables #3 and #4. The comparables have sites ranging in size from 4,928 to 7,734 square feet of land area. The comparables were improved with two-story dwellings of wood siding exterior construction with each containing 1,586 square feet of living area. The dwellings were constructed from 1981 to 1986. Each comparable features a crawl space foundation, central air conditioning and a garage containing 441 square feet of building area. In addition, three comparables each have one fireplace. The comparables sold from August 2016 to September 2018 for prices ranging from \$260,000 to \$288,500 or from \$163.93 to \$181.90 per square foot of living area, including land. The board of review provided property record cards of the subject and its comparables. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparable sales for the Board's consideration with two comparables being common to both parties. The Board gave reduced weight to the appellant's comparable sale #1 which appears to be an outlier as it sold for a price of \$198,000 or \$124.84 per square foot of living area, land included, significantly below the remaining comparable sales in the record. The Board finds board of review comparable #1 sold in September 2018 which is less proximate to time to the January 1, 2017 assessment date.

The Board finds the best evidence of market value to be the six remaining comparables submitted by the parties which includes the two common comparables. These comparables were similar if not identical to the subject in location, dwelling size, design, age and features. The comparables sold from August 2016 to June 2017 for prices ranging from \$252,000 to \$288,500 or from \$153.10 to \$181.90 per square foot of living area, including land. The subject's assessment reflects a market value of \$270,462 or \$170.53 per square foot of living area, land

included, which falls within the range established by the best comparable sales in this record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the estimated market value as reflected by the assessment is supported. Based on this record, the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
